## SEATTLE VOTE GIVES SMITH FINE VICTORY

Mayor Dore Snowed Under—Three New Councillors Are Elected

DAYLIGHT SAVING PLAN IS DEFEATED

SEATTLE, March 13 (AP).—Voters, apparently bent on "turning the ins out" in today's municipal election ousted Mayor John F. Dore, the incumbent, in favor of Charles L. Smith, former assistant corporation counsel, denied the pleas of two councilmen for re-election and defeated a daylight-saving proposal.

Smith, an attorney, a captain overseas, and for nine years in the corporation counsel's office, won an overwhelming victory.

The city's 506 precincts gave Smith 62,093; Dore 46,567.

**PLEADS FOR UNITY**  
"I appeal to you all to forget the bitterness that marked the campaign," he said, when notified of his election, "and unite under my leadership for a greater Seattle."

He will take office on Monday, June 4.

The daylight-saving proposal, tried out here last summer, was overwhelmingly defeated, with 48,225 against and 32,480 for, in the 508 precincts.

The three new councilmen will be David E. Lockwood, at the age of twenty-seven, the youngest man ever elected to the council here, and backed by the new Order of Clatsop, reform group; James Scavotto, former councilman, and Austin E. Griffiths, former Superior Court judge.

**VOTE FOR COUNCILORS**  
Lockwood had the highest vote, 62,057; Scavotto, 59,917; Griffiths, 56,869. V. C. Webster and Ralph Nichols, running for re-election, received 42,308 and 37,860 respectively, and George Dilling 34,260.

H. L. Collier was re-elected city treasurer by a decisive vote over M. L. Callahan, and Harry W. Carroll, unopposed, was re-elected comptroller.

## DEATH PLAQUES INDIAN FAMILY

Seven Relatives Meet Violent Ends in Short Time at Williams Lake

Is there a curse on the Indian families in the Williams Lake country?

This is the question Provincial Police were asking themselves yesterday, after authorities here had received radio advice to the effect that Johnny Sam, an Indian, met his death accidentally on the trail near Gair Lake, when his horse fell on top of him. Constable S. E. Raybone, of Williams Lake, is conducting an investigation.

**SEVENTH VIOLENT DEATH**  
Sam's fatality marks the seventh violent death within a few months in the district. The principals have all been related. Death first struck some months ago in the form of murder, when Shorty Charlie was allegedly murdered by Jimmie Decker and English Decker here. Mrs. Shorty Charlie died about the same time. Jimmie Decker took his own life when he was hunted by police, and English Decker was captured and charged with murder. Within recent weeks Mrs. Johnny Baptiste was believed shot to death on the stony Reserve by authorities here in the district as Seymour. Police understand this man has since committed suicide.

It is also reported a woman, Mary Haines, has met a violent death in the same region, although no further information is available at present.

Provincial Police are scouring the country in their investigations.

## RESPONSIBILITY IN STRIFE STUDIED

League Commission Unable to Assist in Settling Gran Chaco Differences

GENEVA, March 13 (AP).—The problem of fixing responsibility for the Gran Chaco border war between Paraguay and Bolivia was today before the League of Nations, whose commission decided, after months of negotiations, that it could not effect a settlement of the years-long conflict.

The committee advised the league it was clear, after an exchange of views by representatives of the two nations, that the parties maintained their serious differences of opinion, and that "the chances for success under its auspices are small. The commission should no longer adjourn its return to Geneva and the preparation of a report to the League Council."

## Canadian Legion Heads at Convention

THE fifth convention of the Canadian Legion is now being held at Ottawa, with delegates from all over Canada. The lay-out shows: Left, Brigadier-General Alec Ross, C.M.C., D.S.O., of Yorkton, Sask., first vice-president of the Canadian Legion; centre, Major S. Roper, M.C., K.C., of Halifax, Dominion president; right, Colonel W. W. Foster, D.S.O., A.D.C., second vice-president, of Vancouver.

## WHEAT CONTROL BOARDS WITH WIDE POWERS TO BE SET UP

Premier Bennett Explains Plans of Canada to Implement World Agreement

**PROVINCES PREPARE ENABLING MEASURES**

OTTAWA, March 13 (CP).—The air was cleared in the House of Commons, today, with respect to Canada's participation in the world wheat agreement, by a statement from Prime Minister R. B. Bennett, indicating the steps being taken by the Prairie Provinces, working in conjunction, to set up enabling legislation to restrict Dominion wheat exports, if crop conditions render such action necessary.

The three Prairie Provinces were now presenting, in their respective Legislatures, measures to set up emergency wheat boards to license and restrict within the provinces the sales and deliveries of wheat.

**JOINT WHEAT BOARD**  
Power would also be sought for any or all of the wheat provinces to establish a similar board jointly with the Dominion.

The Federal Parliament would be invited to pass such legislation to authorize the Dominion Government to co-operate in forming a joint board.

Immediately after the legislation is assented to by the Provincial Legislatures, the Governments of those provinces would be empowered to act by order-in-council, if necessary, to enforce the wheat boards as established.

**QUOTA TO BE SETTLED**  
Russia's quota will likely be settled at a meeting of the World Wheat Advisory Board, to be held in Rome, April 5.

Canada's quota for 1934-35 is Continued on Page 3, Column 4

## Will Erect New Sheds For Lumber

LONDON, March 13 (CP).—The Port of London Authority tonight announced almost 500,000 would be allotted for erection of new timber storage sheds, necessitated partly by increased imports of Canadian softwoods since ratification of the Ottawa Economic Conference agreement.

The sheds will be erected at the Surrey Commercial Docks and will provide additional storage space for 22,500 tons of timber, giving the docks total timber storage capacity of 461,000 tons.

## WHISKY PROVES MORE POTENT THAN DERRICK

ANSONIA, Conn., March 13 (CP).—A pint of whisky worked where a motor wrecking-car derrick failed in moving a horse that dropped at a street intersection.

A crowd gathered and offered all kinds of advice. Then a veteran truckman suggested the liquor. A pint of the fluid was poured down the horse's throat and the animal revived at once, rose, and plodded away.

## Not Ax but Ox in Comox Neill Explains to House

OTTAWA, March 13 (CP).—Alan Webster Neill is the Independent Member of the House of Commons for the constituency of Comox-Alberni, on Vancouver Island. Several members of the House of Commons, on the dual riding of "Comox"—making the last syllable sound as "axe." Today, Mr. Neill put the House right.

"Admiral" William Duff, of Lunenburg, Liberal representative of Antigonish-Guysboro, took the Vancouver Island member to task for his references to Nova Scotia.

"The honorable member speaks of Comox, Nova Scotia, and he doesn't even know where it is," Mr. Duff declared. "I know where Comox-Alberni is."

"The member for Antigonish-Guysboro doesn't even know how to pronounce it," retorted Mr. Neill. "It's Comox," and he accented the "ox."

"I'm not surprised there's an ox in it—after listening to the honorable member," Mr. Duff retorted.

## ASK INQUIRY INTO WORKING OF TREATIES

Senator Says United States Fails to Live Up to Agreement

SEALING PAYMENTS FALL BELOW COST

OTTAWA, March 13 (CP).—The Senate was asked today to appoint a committee to inquire into the observance and effectiveness of sealing treaties between Canada and the United States, with power to call witnesses and secure papers and documents. Hon. J. D. Taylor, senator from New Westminster, moved the resolution. It was adjourned without debate by Senator A. D. McKee.

**PAYMENTS FALL OFF**  
The Pelagic Sealing Treaty with the United States, under which that country was to allow Canada 15 per cent of the skins taken by United States fishermen from the Pribilof Islands, had been generally observed for a long time, but recently the United States had not lived up to the letter of the agreement, Senator Taylor said.

Payments to Canada had fallen off until 1932 when 49,000 seals were taken and Canada received only \$2,500, about five cents per seal.

Senator Taylor suggested that the committee should ascertain on what basis the payment of \$2,500 was arrived at.

**SOCKEYE MOVEMENTS**  
He could also ask the committee to investigate the movements of the sockeye salmon on the Pacific Coast, and to inquire into the reasons why the Canadian Government paid \$10,000 annually as its share in the cost of conveying the fish to the coast.

The new Westminster senator also criticized Canada for indifference on Canadian and world-wide markets, he said.

**SMALLER BODY IS ADVOCATED**  
Economic Council and Other Measures Advance in Legislature

While the principle of the measure was endorsed and the bill advanced through second reading without discussion, the House of Commons today passed a bill to create a smaller body to advise the government on economic matters.

The bill, introduced by Premier Pattullo, shared in the debate. L. A. Hanna (Liberal, Comox) suggested five members as sufficient for the new board, whose functions should be advisory. Much could be done by friendly round-table conferences with industries. It should be remembered that 90 per cent of British Columbia's production was exported and, therefore, dependent on Canadian and world-wide markets, he said.

H. E. Winch (C.C.F., Vancouver East), favored the principle of the bill, but would not divest itself of its powers of control, the council would become a glorified board of trade, he asserted.

**GOVERNMENT RESPONSIBLE**  
The government was the elected body and could not divest itself of either power or responsibility for action, Premier Pattullo contributed.

Co-ordination of existing data could not be achieved by the Ministry of Finance and other departments, he said.

Continued on Page 3, Column 3

## New Type Of Cruiser Launched

KURE, Japan, March 13 (AP).—First of a new type of warship, Japan's new cruiser Mogami was launched with great ceremony here today.

National distress over the tragic accident to the torpedo boat Tomozuru, which overturned during manoeuvres with 133 officers and men aboard caused no change in the launching programme.

The Mogami, laid down in October, 1921, is an 8,500-ton "light" cruiser, first of a class of six, either building or projected for early completion.

When completed, eighteen months or two years hence, she will be the most powerful and formidable ship of her class afloat.

## WAR BOGEY BOBS UP IN REPORTS

Two Trainloads of Military Equipment Said to Have Gone Into Hungary

ROME, March 13 (AP).—The war bogey bobbed up tonight on the eve of the three-Premier conference, and offset talk of trade pacts filling the Fascist press.

Reports published abroad that trainloads of Italian military equipment had crossed the frontier into Hungary were denied, but, nevertheless, found their way into the report of news services.

The reports mentioned that twenty-six field guns and a large supply of gas masks were a part of the "shipment."

## Smiley Elected Mayor of Tacoma

TACOMA, Wash., March 13 (AP).—George A. Smiley, former park board member, was elected mayor of Tacoma in the municipal election here today, defeating J. C. Siegel, dentist, 16,816 to 12,058 votes in 115 precincts out of a total of 180 precincts.

## Japanese Admiral Blames Treaty for Tomozuru Disaster

Must Insist on Armaments and Equality, He Declares, and Demand Abandonment of Ratio System of Limitation—Ten More Seamen Rescued From Tomb-Like Interior

TOKIO, March 14 (AP).—Admiral Nobumasa Suetsugu, commander of the Japanese combined fleet, today blamed the Tomozuru tragedy upon naval treaties to which Japan is a signatory. Interviewed by the newspaper Asahi, aboard the flagship Kongo Maru, in the harbor of Wakayama, he said: "Japan has been compelled to build ships of the Tomozuru type on account of treaty restrictions."

"We must demand abandonment of the ratio system of naval limitation and insist upon armaments and equality," Suetsugu recently was promoted to a full admiral.

**SWAMPED BY SEAS**  
SASEBO, Japan, March 14 (AP).—Thirteen men thus far have lived tell fragmentarily the tragic tale of the Japanese torpedo boat Tomozuru, swamped and overturned in heavy seas with 113 officers and men aboard.

At 1:30 a.m. today an entry was cut through the vessel's steel exterior and at dawn rescuers had carried ten men from the tomb-like hull. The majority of them were unconscious, requiring artificial respiration. These were in addition to the three men who escaped yesterday before the boat had been towed to a drydock.

**PREPARATION IS COMPLETE**  
Bandits Post Gunners and Take Hostages Before Robbing Bank

MASON CITY, Iowa, March 13 (AP).—Following conviction that John Dillinger, escaped Indiana desperado, led the seven bandits whose bold raid on the First National Bank here, today, netted \$22,000, was expressed by investigating officers tonight.

Five persons were wounded during the raid, in which some of the bandits held off a large crowd, including vigilantes, outside the bank while others seized the money.

To the assertion of James Buchanan, veteran policeman, that "the leader of the bandits had the appearance of John Dillinger," was added three tentative confirmations of three other witnesses.

The witnesses said they believed Dillinger was the robber who guarded the bank entrance with a sub-machine gun in one hand and a pistol in the other.

**TWO WOUNDED**  
R. L. H. James, secretary of the School Board, was hit in the leg by a bandit bullet. Clarence McGowan was wounded in the abdomen when he tried to follow the fleeing robber car.

As the bandits left they lined the running board of their automobile with bystanders to protect them from possible gunfire of vigilantes and police, who had stationed themselves on nearby roofs during the hold-up.

The hostages were released after the bandits had passed the city limits.

The crowd that witnessed the hold-up was cowed by machine guns stationed at each entrance to the bank. The bandits fired wildly at the crowd and into the air.

## Rebellion in Baltic State Soon Ended Oldest Freemason Called by Death

TALLINN, Estonia, March 13 (AP).—An attempt by former soldiers, banded together as "the liberty warriors," to seize the Government has been squelched, officials announced today.

Quitting the Government, the Government statement added, following suppression of the uprising last night. Various headquarters of the organization were closed and leaders were arrested.

Marital law was proclaimed following clashes between the war veterans and Government soldiers in various sections of Estonia.

## FLYING CANNOTS KILLED

SAN ANTONIO, Texas, March 13 (AP).—Flying Cadet Nelson C. Samuels and J. W. Carson, of Kelly Field, were killed today, when their ship crashed three miles north of Camp Bullis.

## Springs Appear in Fissures Opened by Earthquake in Utah

Hot and Cold Water Gushes Forth in Northern Part of State—Rumblings Continue Long After Major Shocks Over Wide Area

SALT LAKE CITY, March 13 (AP).—Mother Earth continued her rumblings along the shaky faults of Northern Utah today. But although the tremors were slight, fissures one to five feet wide appeared in the ground in Boxelder County, and phenomenal hot and cold springs burst forth.

Residents of Locomotive Springs, located on the north shore of Great Salt Lake, reported vibrations of the earth which shook Northern Utah. Southern Idaho, Eastern Nevada and Western Wyoming yesterday, continued throughout the early morning hours today. The shocks were slight, but covered a period of several hours.

Schools here and in several other cities and towns, ordered closed yesterday, were reopened today, but will resume classes tomorrow morning.

**UNIVERSITY RECORDS SEVERE EARTHQUAKE**  
BERKELEY, Cal., March 13 (AP).—A severe but distant earthquake, lasting from 5:20 a.m. to 7 a.m., was recorded on the University of California seismograph today.

Irregularity of the recording made it difficult for Dr. Percy Byerly, seismologist, to determine location of the shock definitely, but he believed it may have centered in Northern India.

## ROYAL PAGEANT SPOILT BY RAIN

Large Crowds Cheer King on Route—Postmaster-General Presented

LONDON, March 13 (CP).—Hon. Arthur Balfour, Postmaster-General of Canada, was presented to the King at the royal levee at St. James Palace, today, by Hon. G. Howard Ferguson, Canadian High Commissioner in London.

Rain spoiled what would have been the first royal pageant of the season, the captain's escort of Household Cavalry, and the guards of honor at Buckingham and St. James' Palace being cancelled.

His Majesty drove from Buckingham Palace in the state landau with an escort of only two mounted police in front and two behind. Large crowds along the route cheered the King, bareheaded, with a great shout over his admiral's uniform.

The Prince of Wales and the Duke of York attended.

Members of the diplomatic corps were first introduced to the King's presence by Sir John Hanbury Williams, marshal of the diplomatic corps, and named by the lord steward, Lord Bunsbury. Various gentlemen of the services and civilians were subsequently presented.

## WATERWAY PACT DEFEAT FORECAST

Final Vote Expected in United States Senate Today—Opponents Drop Reservations

WASHINGTON, March 13 (AP).—On the eve of a final vote, all indications tonight pointed to rejection by the United States Senate tomorrow, of the St. Lawrence waterway treaty with Canada, despite President Roosevelt's stand for ratification.

Opponents, still claiming around fifty votes, although they only need thirty-three to block ratification, showed their confidence late in the day by withdrawing most of their reservations.

Administration pro-treaty forces would not openly admit defeat, but it was quite plain they held little hope for winning the nearly two-month battle for ratification.

## PROVINCIAL CONFERENCE MEETS HERE

Delegates to W.M.S. Session of United Church Represent 113 Auxiliaries

WELCOME EXTENDED BY MAYOR LEEMING

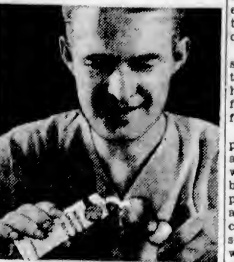

With more than 3,000 members in 113 auxiliaries scattered about the province, the British Columbia Conference branch of the Women's Missionary Society of the United Church of Canada during 1933 accomplished very fine work in raising \$30,807.70 for home and foreign missions and studying the needs of both.

In her splendidly comprehensive annual report at the opening session of the eighth annual meeting of the organization last night at the First United Church, Mrs. R. W. Mayhew summarized the work of the conference as a whole as operating through the various branches in the province.

### FIGURES MENTIONED

The figures cited were as follows: Kamloops—Okanagan, fifteen auxiliaries with a membership of 316, and seventy-five members in the evening auxiliary; Kootenay, ten auxiliaries with 168 members, and twelve members in evening auxiliary; New Westminster, twenty-four auxiliaries with 453 members, and fifty-four members in evening auxiliary; Vancouver, thirty-eight auxiliaries with 1,383 members, and twenty-eight evening auxiliaries with 388 members; Victoria, twenty-two auxiliaries with 633 members, and three evening auxiliaries with eighty-seven members; Prince George, one auxiliary with sixteen members; Prince Rupert, three auxiliaries with seventy-nine members. A new auxiliary has just been formed at Terrace.

In addition to the above there are within the jurisdiction of the conference eighty-six mission bands, four of which are Indian bands.

## A Shave well begun

The moment Squibb Shaving Cream works up a creamy lather on your face, the fight goes out of your whiskers. Squibb's actually helps the razor—helps it shave cleanly, with a ball-bearing smoothness in every stroke. And Squibb's contains oils essential to skin comfort.

Send 10c for generous guest size tube of R. B. Squibb & Sons of Canada, Limited, 36 California Road, Toronto.

A good shave—SQUIBB TALCUM.

Three Chinese and three Japanese. The largest band has 181 members, the smallest, five.

### OFFICIAL GREETINGS

The opening session of the conference last evening attracted a big gathering. Mrs. W. G. Wilson, the president, presided, and the proceedings were opened with a short devotional service conducted by Rev. Dr. Wilson.

Mayor Leeming's greetings from the city followed. In his short welcoming address he expressed pleasure in greeting a gathering of the kind which was trying to bring about the kingdom of God on earth. A united people and united church was a serious need of this world today.

Rev. A. D. Archibald, of Richmond Church, Vancouver, sent greetings to the conference also, these being delivered by Mrs. R. W. Mayhew, the corresponding secretary.

The treasurer, Mrs. E. Day Washington, reported that during the year the W.M.S. of the United Church in British Columbia had raised the sum of \$30,807.70 for home and foreign missions, \$30,000 of this amount being sent to the headquarters at Toronto.

### WORK IN DETAIL

In opening her annual report, Mrs. R. W. Mayhew cited the objects of the W.M.S. as being "to inspire the spirit of prayer and service among its members; to develop a missionary spirit in the women and children of the church, and to secure the means for the carrying on of the work at home and abroad."

The devotional part of the work has been most encouraging, the "kingdom of God movement" having been very much stressed during the year in every part of the province. Possibly this had led to greater devotion in the auxiliaries, possibly the trying times had brought the members closer to God as well as to each other and those less fortunate. In the effort to develop the missionary spirit in women and children, study of missionary books and literature and addresses had been used, China being the special study of the year and the special book being "Living Issues in China." Other countries, however, had not been overlooked.

### JAPAN'S JUBILEE

This speaker recalled that the jubilee of missionary work in Japan had been celebrated last June, the W.M.S. all over Canada joining with Japan in her rejoicing over her remarkable growth in Christianity. Through monthly meetings and senior and evening auxiliaries, mission circles and mission bands an effort had been made to develop the missionary spirit in women and children.

The next objective had been to secure the funds for carrying out the missionary work, but the year had been a difficult one in every financial undertaking. Givings had fallen short.

Reference was made to the departure of Mrs. Hockin for China, and to the great help given by the whole British Columbia conference in nearly all auxiliaries and in the splendid leadership of the president, Mrs. W. G. Wilson. Much appreciation was also expressed concerning the visit of the traveling secretary, Miss Isabel McIntosh, who toured the province last Summer with very beneficial results.

The activities of the various branches were summarized, showing good results in increasing membership in nearly all auxiliaries and evening auxiliaries, as well as practical good works in home and foreign mission activities, visiting the sick, the needy and the distressed, and in supplying donations of many kinds to outlying communities or families.

The unorganized districts of Prince Rupert were reported as being in a "great difficulty," as their isolated positions kept them from the close contacts of the work. Japanese auxiliaries had been very interested in the jubilee celebration of Japan last June. The Chinese auxiliaries enjoyed the study books of the year, especially "Fourth Daughter of China."

### ADDRESS ON CHINA

Mrs. Harold Clark, for many years associated with her husband in missionary work in North Honan, China, gave a delightful address on "Chinese Missions." This was illustrated by seventy-five magnificent colored lantern slides depicting not only persons and incidents relevant to the mission work, but in Honan and China generally.

The major part of her talk, however, centered round the United Church of Canada Central Mission Station at Wei Hwei, and Chang Te, where the same mission conducts a class for teachers and Bible students for two months each Summer. The enormous nature of the task attacked by the United Church of Canada in entering the mission field in North Honan was hinted by the speaker noted that the population of this province is more than eight million, and that the United Church of Canada is the only Protestant church in the field.

Whereas the anti-foreign sentiment was rampant in the early days of the mission work, it has now been replaced by a friendly and helpful attitude.

### SMALLER BODY IS ADVOCATED

Continued from Page 1  
The council could be of great service in an advisory capacity, and its personnel would be determined by the necessity to give adequate representation to all phases of industry.

The Government would remain responsible to the people for any step taken under these or other powers the Premier declared.

R. W. Bruhn (Independent, Salmon Arm), said the concurred in the principle, but foresaw that selection of the actual board would make or mar its success. Labor and consumer representation on the panel would be essential.

**URGES WIDE POWERS**  
G. G. McGeer, K.C. (Liberal, Vancouver-Burrard), said that, as the world was entering new and uncharted phases of economic development, he would favor the fullest possible power to meet future problems as they developed. The real problem was not co-ordination or compromise on the part of the 95 per cent of those willing to co-operate, but in compulsion of those who would not work in the common interest.

As a barrister, Mr. McGeer advised the Ministry to make sure it had power to enforce control regulations passed by order-in-council subsequent to enactment of the bill. Second reading followed.

Amendments to the Legal Profession Act, varying the powers of Benchers of the Law Society, were read a second time. Third reading was given amendments to the Motion Pictures Act, which changes appeal fees at the discretion of the Province.

**CHIROPRACTIC BILL**  
G. M. Murray (Liberal, Lillooet), opposing the Chiropractic Bill, referred to the report of the royal commission in 1931, and to the findings then of Mr. Justice Murphy, commissioner. The commissioner's recommendations had been that the calling, already recognized by law,

## Spring Break-Up in Eastern Canada

THE Spring break-up came suddenly this year, and in many parts of Eastern Canada and the United States, lives and property are in danger from flood waters and ice jams. Here are scenes along the Grand River, Ont., showing a cabin cut off completely from mainland. The occupant is forced to use a boat to and from his home. At top is shown the ice jam near Arrow's Island in the Grand River.

ment was so great in Northern Honan Province in 1888, the year when the mission was established by Rev. Dr. Murdoch MacKenzie, Dr. Goforth, Dr. William McClure, Rev. Fraser Smith, Rev. Donald MacGillivray, and their wives, that Hudson Taylor, knowing the Chinese reverence for "praying men," had told them they must enter Honan on their knees, today the missionary could go almost anywhere unmolested. The Christian church was established, and there were now native pastors and Chinese-staffed hospitals.

A very brief sketch of the political and social conditions prefaced the picture, Mrs. Clark recalling that when the work began in British Columbia was reported with amendments, and a bill to insert in the First Narrows Bridge Company Act of 1926 a condition binding "its successors and assigns," to facilitate financing, was permitted to proceed before the committee on payment of bill fees.

**ARRIVED 1906**  
Mrs. Clark and her husband went to Honan in 1906. At that time the policy of the United Church of Canada foreign mission board was "that the Chinese church, now being planted in Honan, shall become self-supporting, self-propagating and self-governing." The following year native missions had so progressed that they had their own elders and deacons; in 1909 a Chinese presbytery was formed, although there were no native ministers until 1912, when eight were installed. In 1927 the work was begun in British Columbia, and two years later the church in Canada took the first step to make some return to the church in China for what it had contributed to the mission there. What a change in forty-six years, the speaker commented.

The pictures and comments thereon that followed still more emphasized the significance of the change by showing how profoundly conservative China is in her mode of life. Agricultural methods, transportation, trade and commerce are carried on in much the same way as they were in Biblical times in other lands. But in the midst of this the Chinese were proving apt organization and the establishment of hospitals.

**BLAMES TREATY FOR TOMOZURU DISASTER**  
Continued from Page 1  
nel in the cutaway where keels or pumps went into operation, forcing water from the vessel.

The three sailors first rescued said their comrades in the explosion room had been too weak to follow their avenue of escape.

It had been feared all aboard the ship—her crew and passengers—although she carried armament to match many vessels twice her size—were dead when she was found in a sinking condition on Monday.

Working mechanically and steel workers began cutting an entry through the Tomozuru's steel hull after she reached port.

**SEARCHING THE SCENE**  
Back at the scene of the tragic wreck, destroyers and seaplanes searched the vicinity with its numerous inlets and bays. They hoped to find survivors. But it was generally agreed that if not all of the men aboard the Tomozuru were trapped and died quickly.

Officers of the Tomozuru's sister ship—the Manasauru and the Chirald—told how the three vessels participated together in manoeuvres off the Sooboo naval base starting early on Monday. Soon a storm rose. Winds lashed huge waves across the decks. Many deck fixtures were carried overboard. The slider ship, however, escaped with little damage.

**A NATIONAL ISSUE**  
The disaster was regarded as likely to become a serious national issue. The navy appointed its distinguished admiral, Kichisaburo Nomura, as chairman of the board of inquiry, which includes other admirals.

The navy's most competent experts were ordered to Sooboo from Tokyo, from Kure, and from other naval bases. Their findings are likely to influence a possible revamping of the entire naval construction programme.

Owen D. Young said that Insull's only fault was that he had too much faith in the United States. And even that little weakness has been overcome by the broadening influence of travel.

**..chest COLDS**  
best treated by stimulation and inhalation  
Just rub on VICKS Vapo-Rub  
PROVED BY 2 GENERATIONS

**CHIROPRACTIC BILL**  
G. M. Murray (Liberal, Lillooet), opposing the Chiropractic Bill, referred to the report of the royal commission in 1931, and to the findings then of Mr. Justice Murphy, commissioner. The commissioner's recommendations had been that the calling, already recognized by law,

je permitted to regulate its practitioners, register those entitled to practise, and set up standards for future guidance. Chiropractors had been practising for fifteen or twenty years in the province, and public demand was that regulation be established in the best interests of the calling and of the people, Mr. Murray submitted.

Dr. J. J. Gillis (Liberal, Yale), adjourned debate on the bill.

Norman W. Whitaker (Liberal, Saanich), introduced amendments to the Chiropractic Act for first reading.

M. Manson, K.C. (Liberal, Omicameca), as chairman of the private bills committee, reported progress on measures before that panel. A bill to permit H. R. Harrison, of this city to practice law in British Columbia was reported with amendments, and a bill to insert in the First Narrows Bridge Company Act of 1926 a condition binding "its successors and assigns," to facilitate financing, was permitted to proceed before the committee on payment of bill fees.

## B.C. DELEGATES ARE GUESTS OF MEMBERS

OTTAWA, March 13 (CP).—Delegates to the Canadian Legion convention from British Columbia were guests at a luncheon given today by D. B. Plunkett, M.P. for Victoria, and H. J. Barber, M.P. for Fraser Valley. Several Cabinet Ministers attended, and Hon. George Black, Speaker of the House of Commons, was one of the speakers.

### RESIGNING NEW POST

SHEFFIELD, England, March 13 (CP).—Rev. A. J. Doull, former Bishop of Kootenay, B.C., announced tonight, he was resigning the archbishopric of Sheffield on account of ill health.

## POLICE PATROL STRENGTHENED

Fearing Trouble in Chinatown Extra Officers Are Detailed There

Doubling the already strengthened police patrol in Chinatown was forecast last night by Police Chief Thomas Heatley. This is as a result of fears on the part of Chinese business men that trouble is brewing between rival gambling interests.

"Every effort will be made to stamp out any attempts by imported Chinese to set up a despotic rule among gambling houses in Chinatown," declared Chief Heatley. He is being supported in his determined stand by several of the more influential Chinese business men. Representations have been made by merchants this week with urgent requests to prevent trouble. These Chinese feel there is definite need for increased police patrol in their district.

Chief Heatley and Detective John McEllan expect to round up "the protectionists" who are reported to have been brought here in the interests of certain Oriental clubs, or to force them to leave the city.

The situation here, it is said, became acute when it was found that gambling interests were being called upon to divide profits among several interests.

Formerly, it is said, a proportion of gambling profits were used for charitable purposes.

**FINES TOO HIGH**  
Legal representatives of the Chinese state the refusal to pay gambling fines is not an open act of defiance to police, but results from the penalty being too high at the present time. They say that existing fines are too high to be paid, and that the fine lowered accordingly.

"This may be the ostensible reason of the Chinese for failure to pay their fines," the chief said, but who are investigating the existing trouble do not intend to be misled by such statements. This trouble is deep-seated, and unless stopped will have a far-reaching and damaging effect on conditions with which the respectable merchants to maintain peaceful conditions and observe law and order."

**HAD MEALS BY FRAUD**  
VANCOUVER, March 13 (CP).—Twenty-eight unemployed men, arrested Saturday and charged with obtaining meals by fraud, pleaded guilty in police court today and were fined \$50 each with the option of one month in jail. They will serve the jail terms.

**IS SERIOUSLY INJURED**  
VANCOUVER, March 13 (CP).—Richard Chalmers, 3800 block Bainbridge Avenue, is in hospital in a serious condition as the result of being struck by a car at the intersection of Twelfth Avenue and Clark Drive here tonight.

**BRITISH-ISRAEL LECTURE**  
QUALICUM BEACH, March 13.—At the Community Hall, on Thursday, Lieut. Colonel Wright, of Vancouver, gave a most interesting discourse on "The Beginning of Time," under the auspices of this branch of the British-Israel Association.

**TAKE HIM OR LEAVE HIM**  
PITTSBURGH, March 13 (CP).—Mayor William M. McNair, who says he will run for Governor of Pennsylvania "if the people want me," plans an unusual campaign. He says he will make no speeches, authorize no campaign fund.

In music, novelties is a term invented by R. Schumann to characterize certain compositions in free form.

## TWO ROBINSONS IN WORD BATTLE

Air Mail Deaths Debated in Senate—Planes Remain Grounded

WASHINGTON, March 13 (AP).—A charge in the United States Senate by Senator Arthur Robinson, Indiana Republican, that the President was responsible for the death of the ten army flyers who fell since the service began carrying the air mail was challenged vigorously today by his Democratic namesake, Joe Robinson, of Arkansas.

Other developments in the air mail situation that has caused administration headaches, were a trend toward modification of the Post-office department's legislative proposals and a request by Secretary of War George Dern that Charles A. Lindbergh, among others, serve on a committee to investigate the army's ability to carry the mails.

**JUSTIFIES CANCELLATION**  
Robinson, of Arkansas, Democratic leader, asserted vigorously that the President was justified in ordering the private contracts cancelled on the grounds of fraud and that Roosevelt assumed full responsibility for his action. Meanwhile, the army's mail planes, grounded after the series of fatalities, were still in their hangars.

In addition to Lindbergh, two other famous aviators, Orville Wright and Clarence D. Chamberlain, were asked to serve with a committee of army officers to determine the army's mail-carrying fitness. Chamberlain indicated he would accept.

**GLIDER TOOK AIR IN SHORT ORDER**  
Montreal Youth Makes Solo Flight in Motorless Craft After Brief Instruction

MONTREAL (CP).—A new all-time record for motorless aircraft was believed to have been established here when Wilson Hammond, nineteen-year-old aviation enthusiast of this city made a complete solo flight in a glider after only one hour and forty-five minutes of dual instruction recently.

Hammond took off from a local airport, circled the field several times and then made a perfect three-point landing. Seven hours of dual instruction is usually required before a student is allowed to make a solo flight.

His instructor was Gethen Edwards, who has the distinction of being the youngest commercial pilot in Canada.

**INSURANCE KNOWN IN ANCIENT TIMES**  
Greeks Had Benevolent Society Three Hundred Years B.C.—Phoenicians Protected Ships

MONTREAL, March 13 (CP).—Even the ancient Greek knew the insurance man, according to Frederick T. Collins, prominent lawyer of this city, who in an address on insurance before the Little Forum, said that life insurance, in the benevolent form, existed among the Greeks as far back as 300 B.C. Further back than that, Mr. Col-

lins said, a form of marine insurance policy in England, Mr. Collins said, was taken out in 1583. Brokers undertook to pay a sum of money if the insured man died within a year. When the man died, however, the underwriters objected to paying the money, but were forced to pay by the courts.

**GIVEN LONG TERM**  
CHICAGO, March 13 (AP).—Baill Hugh "the Owl" Baughart was convicted tonight on a part in the John Factor kidnapping and sentenced to ninety-nine years in prison.

"I suppose your son at college writes you often?"  
"He won't have a letter from him for months."  
"Aren't you worried?"  
"No; I guess he's O.K. Just got word from the bank that his account is overdrawn."

## GERMAN HOUSE IN CONFERENCE

Financial Difficulties the Main Family Topic—View Return as Possibility

DOORN, Holland, March 13 (AP).—The return of former Kaiser Wilhelm from his exile home to Germany was viewed as a possibility today, following a Hohenzollern family council.

Financial difficulties confronting the royal family, as a result of the German Government's ban on the export of money from Germany except in exchange for goods, were understood to be the main topic at the party.

Under the circumstances, it was said in circles close to the Kaiser's household, his return to his native land after nearly sixteen years of absence was not impossible.

## SCOTLAND HAS GREAT IDEALS

Rev. Andrew Roddan Gives Eloquent Address Before Burns Club

"It is the sense of greatness that keeps a nation green. We, of Scotland, have a tradition and a history. There is something in Scottish life that is worth preserving. We have had handed to us from the past, great ideals of integrity, courage, industry, reverence, and one might mention many other worthwhile qualities," Rev. Andrew Roddan, minister of the Scots Church, stated last night in an address before some 500 members of the Burns Club.

## NEW DUTY ACT BROUGHT DOWN

Revised Succession Duty Law and Five Other Public Bills Presented

British Columbia's proposed new Succession Duties Act is fully re-arranged, going back forty years to take in estates of persons who have died or will die subsequently to April 1, 1894. Introduced in the Legislature yesterday by Hon. John Hart for first reading, the bill offers immunity from tax to executors who have made payments or deductions from estates under the old law.

place great importance on individual liberty, but in Japan the individual is subordinated to the will of the family," he said.

"The result was a strong patriotism, with which was combined the Japanese religion. The Japanese, the speaker stated, not only swore allegiance to the Mikado, but also worshipped him.

Saltspring Island

A most delightful post-nuptial shower was given recently for Mrs. Mervyn Gardner (formerly Miss Edith Henley) by Mrs. A. Cartwright and Mrs. J. D. Reid at "Bordland," the home of the latter. The decorations were carried out in yellow and green with Spring flowers and the many beautiful gifts were presented to the bride in a gaily-decorated wagon by little Norma Wagg and Thomas Reid. The invited guests included Messrs. Jane Mount, W. M. Mount, W. Stacey, D. Winthrop, J. W. Graham, E. Parsons, F. Reid, L. Mount, West, Noon, W. Rogers, McCallum, G. C. Mount, Jensen, Baker, Lawson, G. J. Mount, Whittingham, F. Stacey, W. Norton, Toynbee, C. Gardner, J. Akerman, A. Rogers, Holmes, A. Aislyn, Misses Manson, Lorna Rogers, Grace Mount, W. Johnston, Tait, and Betty Seymour.

Qualicum Beach

Miss Helen Jones, who has spent several months in Victoria and district, arrived back to Qualicum Beach.

NO OFFICIAL RECOGNITION

OTTAWA, March 13 (CP).—The Canadian Government has not officially recognized the new state of Manchukuo, the Prime Minister stated in the House of Commons today, in answer to a question by "The Japanese have been shown a wonderful capacity for extracting what is useful to them from the Western cultural civilization without allowing it to disrupt their own standards of living and society," declared W. H. Wilson, in an address on "The Social Structure of Japan" to fellow members of the Round Table Club, last night in Speedie's Cafe.

Mr. Wilson pointed out the Japanese selected the best ideals of the West and incorporated them in the best of their ideals, always keeping in mind the important factor of nationalism, which they hold.

He gave a review of the history, socially and in religion, of Japan. Mr. Wilson pointed out the family was the center of society in the "Land of the Rising Sun." The individual has to obey the will of his family, even as to his career and marriage, stated the speaker.

"The Japanese have developed a social structure that is diametrically opposed to our own," Mr. Wilson continued. "In the West we Temiskaming."

THE JAPANESE HAVE GREAT CULTURE

## JURY FINDS NO BREACH OF LAW

Charge of Conducting Sweepstake Is Dismissed in Assize Court Here

After being out for over three-quarters of an hour, the jury returned a verdict of not guilty yesterday noon, in the charge laid against Walter Hiltchcock, manager of E. A. Morris, Ltd., of running a sweepstake, against the statutes. This was the first case to be disposed of at the Assize sitting.

In his charge to the jury, the first one which Hon. H. B. Robertson, of the Supreme court, has been called upon to give, His Lordship made it clear that irrespective of what their individual personal opinions might be with respect to the law, the jurors were called upon to arrive at the facts as brought out in the evidence in accord with the law as it stood. They were there to uphold the laws of the country.

If they had any reasonable doubt in the matter, it was their duty to acquit the accused, said His Lordship. Members of the jury, he stated, were the sole judges as to the facts.

The court informed them that it was not necessary to have it proved that there was no property disposed of or that a race was held or that a division of the proceeds was made in order to reach the conclusion that there had been an illegal act. If the jury found that the facts showed that the accused had conducted a scheme as set out in the charge for the purpose of determining who were to be the winners proposed in connection with such a scheme.

It was simple matter. They did not have to worry as to what a sweepstake was, said His Lordship. This was set out in the charge, which was that a scheme had been devised and the tickets that were produced bore the proportion of the division that was to be made. The jury was to decide whether the accused was the manager of such a scheme, and whether, as alleged, he had sold tickets.

M. B. Jackson, K.C., appearing for the Crown, with no evidence put in by the defence, was called upon to address the jury first on the opening of the court yesterday morning. He said that, setting aside any feeling with respect to what their opinions might be with respect to the law against putting a little money on a sweepstake, there was a law in this country against it and it must be obeyed. He felt that there could be no doubt in the minds of the jury that it had been shown that sale of Salmon sweepstake tickets had taken place, and that the manager of E. A. Morris, Ltd., had sold tickets.

If, however, they were not convinced that the case had been proved against the accused, it was their duty to acquit.

P. C. Elliot, for the accused, contended that there was lacking clear evidence against the accused of selling sweepstake tickets. One witness had said that she bought a ticket, but the ticket was found among those produced in court which contradicted the evidence. There had been money deposited, it was true, for certain purposes, but no sales effected. There was no evidence to show that a race had ever been run as set out, or any division of money made.

## BURNS CLUB NOMINATES

W. A. Jameson Chosen President Unanimously—John Hosie Retires

W. A. Jameson, a most active member of the Victoria Burns Club, last night was nominated to the position of president to succeed John Hosie, Provincial Librarian, who retired after completing twelve years as president.

Even after so long a term in office, the membership, which under his leadership grew to be the largest Burns Club in the world, endorsed to re-elect him over his protest. Several appeals were made for him to again accept the position, but he declined emphatically. At one stage, the audience tried to drown his protest against nomination with applause, but they did not succeed.

Other officers nominated were: George Grant, vice-president; J. Dewar, treasurer; E. M. Whyte, secretary; and Miss Margaret Stewart, recording secretary. Members nominated for the executive were: John Wood, Captain Gordon, Mrs. W. A. Jameson, Mrs. George Geddis and James McCrosen.

HONORARY OFFICERS  
Honorary officers are as follows: President, Premier T. D. Patullo, Hon. R. R. Bruce, Hon. Mr. Justice M. A. Macdonald and Mrs. W. H. Nevill; president, Adam Bell.

When the meeting discovered that Mr. Hosie would not accept the presidency of the club again, a move was made to make him honorary president. It is expected that at the next meeting of the club this will be accomplished.

Since the nominations provided no contest for any office, the club will duly elect its officers at the next meeting by confirming the nominations of last night.

**COMMITTEES STRUCK BY LADY LIBERALS**

NANAIMO, March 13.—Nanaimo Ladies' Liberal Association, at their regular monthly meeting, appointed standing committees for the year as follows: Mrs. R. H. Ormond, Mrs. J. T. McPhee and Mrs. G. Brown, educational committee; Mrs. Walter Fraser, Mrs. J. Shilland, Mrs. W. Thorpe and Mrs. J. Dobson, refreshments; Mrs. R. Bennett, Mrs. J. Horth, Miss Mauries (Wellington) new member; Mrs. J. Nicholls, Mrs. J. S. Dunn, Mrs. E. Woodcock and Mrs. P. L. Reynolds and Mrs. H. McTear, publicity; Mrs. R. Nicol, Mrs. Nash and Mrs. Stevenson, cards and dance. The association decided to co-operate with the men's association in promoting a rally, on March 25.

Mrs. Beck donated a cushion to help raise funds.

Mrs. May reported a favorable balance from the recent whist drive.

## Sailors Rescued After Ship Wrecked in Fog

### FUNERAL TO BE HELD TOMORROW

Funeral services for W. H. Wensley, 623 Raynor Avenue, who passed away on Monday, will be held tomorrow afternoon at 2 o'clock at Sands Mortuary Chapel.

### MAY THROW OUT CRIMINAL CASE

Technical Point Raised on Behalf of George Grant, of Vancouver, at Assize Here

The case of Rex vs. Grant, in which the accused, George Grant, of Vancouver, is alleged to have obtained money from the proceeds of immorality, which is now before the Assize court here, may not go to the jury.

After the hearing of the evidence for the Crown yesterday, P. J. Sinnott, counsel for the accused, took the position that there was no case to meet, inasmuch as the charge laid fell under the class of cases in which it was provided that there should be corroboration to support the informant.

M. B. Jackson, K.C., for the Crown said that the only corroboration that the jury needed was that the main witness, the informant, was telling the truth. Mr. Justice H. B. Robertson adjourned court a little earlier than usual, to allow the point to be further looked into. Court will resume this morning, when a decision may be expected very early on the point raised.

The jury selected in the case shortly before noon was composed as follows: Ronald C. Nixon, foreman; Harry R. McDonald, Arthur J. Knappett, Frank I. McDermott, Edmund B. Christopher, Harry G. King, John L. Newbigging, Leonard C. Ostler, John G. Grimston, David W. Davies, Elizabeth A. Jacklin, and Walter M. Clare.

### AFFILIATION IN BODY IS SOUGHT

Several Organizations Move to Co-operate With Local Trade and Barter Association

Several groups comprising religious societies, fraternal organizations and political factions have expressed a willingness to co-operate and affiliate with the Victoria Barter and Trade Association, it was reported at a meeting of this body last night. "The work of this organization is spreading into suburban areas, and dairymen, farmers and kindred activities have been embraced in the association. The body is developing rapidly, and, according to figures submitted last night, twelve new members have joined within the last week, increasing the membership to 164.

**GIVES ASSISTANCE**  
Unemployed men have been assisted materially by the Trade and Barter Association, and between three and five men are working daily on the system employed by the association. It is expected as the group increases its activities more men will be set to work.

Farm produce has been increasing daily, it was reported, and in this way many farmers are being helped in disposing of their products where otherwise it is possible the produce would not be utilized. In return for the produce being sold, the men work for the farmer. Traders have reported increase in business since they have joined the association.

An appeal was issued for membership, and all those interested are asked to get in touch with the manager, Mr. Rowe, at the Trade and Barter headquarters, Blanshard, at Fisgard Street.

### ROBERT S. MAY DIES AT BANK ST. HOME

Robert Seayears May, aged eighty-three years, a native of Norfolk, England, passed away yesterday, at his home, 1544 Bank Street. He had resided here for the past twelve years.

Mr. May was for many years a dry goods merchant in London, England, and on his retirement came to Victoria to reside. He is survived by two sons, William May and Robert S. May, in Victoria, and one daughter, Mrs. Harold Gray, residing in London, England; also five grandchildren. Funeral service will be held on Friday afternoon at 2:30 o'clock, from the Thomson Funeral Home, Rev. Dr. Clem Davies will officiate. Interment will be made in the family plot in Royal Oak Burial Park.

### CANADIAN CLUB HEARS LECTURE AT QUALICUM

QUALICUM BEACH, March 13.—A good audience in the Community Hall listened with great interest to a lecture by Denis Murphy, of Vancouver, his subject being "Canada and Her Place in the Empire." General Noel Money occupied the chair. The lecture was under the auspices of the Canadian Club.

### START BY AUTO ON SKIING TRIP

Daring Party of Mountaineers Will Try Crossing of Coast Range

WILLIAMS LAKE, B.C., March 13 (CP).—Headed by two well-known English alpinists, Sir Norman J. Watson and Wing Commander E. B. Beauman, a party of daring mountaineers left here today for Talla Lake, from where they will trek into the wilderness in an attempt to cross the towering Coast Range on skis.

The men arrived here from Vancouver by train. They planned to travel by auto truck to Talla Lake, and they expected the 160-mile journey would occupy at least two days. The skiers were equipped to clear the snow-bound roads to permit passage of the trucks.

The party intended to establish a base camp near Pury Gap, East of the rugged Mount Weddington group. They expected the most hazardous part of the journey across the Coast mountains would occupy about a week. The men will probably reach the Coast in the vicinity of Knight Inlet, where they have arranged to be picked up by a seaplane, which will wait for their arrival.

### St. Patrick to Be Honored by Entertainment

A concert in honor of St. Patrick will be held in the James Bay United Church tomorrow at 8 p.m.

A very interesting programme, including a short talk on "Irish Music and Life," by Dr. Eber Crumphy, and the excellent musical items have been arranged, and two hours of profitable entertainment can be looked forward to. There will be no admission fee, but a collection will be placed at the door to receive donations toward defraying expenses.

### Metal Markets

LONDON, March 13 (AP).—Closing: Copper, standard spot, £3 2s 6d; future, £3 1s. Electrolytic, spot, £3 6s; future, £3 10s. Tin, spot, £236; future, £234 7s 6d. Lead, spot, £11 15s; future, £12. Zinc, spot, £14 15s; future, £15 2s.

**RAMMED** by the steamer Black Eagle in a dense fog off Sable Island, the freighter Concordia, out of Saint John, N.B., for Glasgow, sank rapidly, forcing her crew to take to the boats and abandon the ship. By quick action, the Black Eagle was able to rescue all members of the Concordia's crew. Some of the crew pulling toward their rescuers, are shown in (1). They lost no time in boarding the rescue ship, as shown in (2). R. O. Crossley, of Montreal, a member of the crew, coolly recorded the incidents after the crash, and took these pictures.

### Little Theatre Artists Present One-Act Plays

"The Romance of the Second Floor," by Wilma Henderson, and "Voltaire," by Lewis Wharton, Given Fine Reception

Some clever work, both in writing and acting, was exhibited in the two one-act plays produced at the Little Theatre Association club-rooms last night. Both plays were written and produced by members of the association, the first, "The Romance of the Second Floor," by Miss Wilma Henderson and the second, "Voltaire," by Lewis Wharton.

"The Romance of the Second Floor" was a brilliant little comedy sketch, which aside from one or two moments that proved rather difficult for the actors to bridge, showed considerable talent on the part of the authors. The dialogue in most instances, was excellent and carried a ring of sincerity, which made it doubly appealing.

**GIVE GOOD PERFORMANCES**  
The four characters were well portrayed by the actors. Eileen Thain, as Suzanne, the main character, with a none-too-easy part, did excellent work, while Maurice Humber, as the burglar who turned out to be the brother of the hostess returned from the Orient, displayed just the right amount of nonchalance to carry the part. Perhaps the most natural of the four players was Florence Ruggles, who spoke her lines with all the assurance which her part, as the rich girl hostess, demanded.

Richard Bolton, too, as the fiancée, whose practical jokes succeeded in losing for him the lady of his choice, turned in a good performance.

"Voltaire," a tragic sketch taken from the life of that great French philosopher and satirist, gave ample evidence that the author had given much study to both the life of his main character and to the age in which Voltaire lived.

Mr. Wharton himself took the part of Voltaire, the central figure of the play. He was well supported by Lucy Wharton, as Madame du Châlet and Peggy Hamilton, as Marie, the maid.

During the intermission, Douglas Park, baritone, gave two numbers, accompanied by Mrs. J. Barracough.

"Does my practising make you nervous?" asked a man who was learning to play a saxophone.

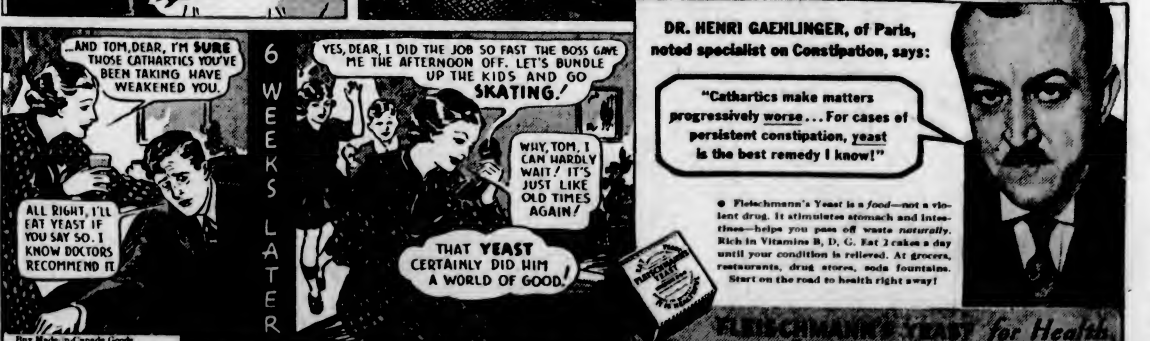

"It did when I first heard the neighbors discussing it," replied the man next door, "but now I don't care what happens to you."

"My, I didn't know that you had electricity up here."

"We generate it ourselves."

"I see, Ohm talent."

**GREATER TRAVEL NOW LOOKED FOR**  
Communications to Provincial Bureau Indicate More Tourists Will Come to B.C.

British Columbia may look forward to a general increase in travel during the Summer season if letters being received by the Provincial Bureau of the communications are any indication. During the last few months hundreds of letters have been received by the bureau from people resident in many parts of the North American Continent.

A good many of the communications are from persons who visited Victoria and Vancouver Island last year and they speak in glowing terms of the courtesies extended to them while here.

**LEADS DOMINION**  
Here is an extract from one of the letters:

"I am happy to say that after a thorough survey lasting five months last Summer, I am convinced that on all counts—climate, scenery, industrial development and future prospects, British Columbia leads the Dominion."

Another writer to the bureau comments:

"One thing we could not get away from, was the feeling of absolute safety as soon as we crossed the line. We mean from thugs that we have in abundance down here. We surely enjoyed our trip, and thank you for your help in making it pleasant."

### RECOVERING FROM BLAST INJURIES

A. Persson and Joseph Harne, of Vancouver, Suffer Burns at Alberni Canal

Following an explosion of blasting powder at Camp 5 of the Alberni Pacific Lumber Company yesterday, two employees, A. Persson and Joseph Harne, both of Vancouver, are recovering slowly in Port Alberni Hospital from severe burns to the head and face, according to radio advices received by Provincial Police here.

The explosion occurred before noon, while the men were tamping the powder in a drill hole on the right-of-way near the company's camp, seven miles from Port Alberni. Dr. J. C. Thomas, of Port Alberni, went by speedboat to the camp to render first aid, before having the men taken to hospital.

Rumor first had it that a terrific explosion had taken place at the Port Alberni mill, and residents of the town suffered great anxiety for some time.

### Mrs. J. Denton Is Taken by Death At Advanced Age

There passed away Monday at the Royal Jubilee Hospital, Mrs. Jane Denton, aged seventy-eight, of 3455 Bethune Avenue, Saanich. Born in Scotland, she had resided in Victoria for the past twenty years.

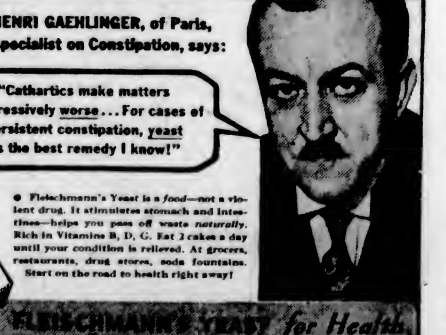

Mrs. Denton is survived by one daughter, Mrs. Jean Ritchie, of Saskatoon; one son in Scotland, a niece, Mrs. Henry Mitchell; and one grand-daughter, Mrs. W. Elliott, Victoria.

The remains are resting at McCall Bros' Funeral Home, where services will be conducted tomorrow at 3:30 o'clock. Interment will be made in Royal Oak Burial Park. Rev. Dr. G. B. Switzer will officiate.

**FLEISCHMANN'S YEAST for Health**

"Cathartics make matters progressively worse... For cases of persistent constipation, yeast is the best remedy I know!"

Fleischmann's Yeast is a food—not a violent drug. It stimulates stomach and intestinal—helps you pass off waste naturally. Rich in Vitamins B, D, C. Eat 2 cakes a day until your condition is relieved. At grocers, restaurants, drug stores, soda fountains. Start on the road to health right away!

1 It's the only yeast that contains the three important vitamins—B, D, C.  
2 It's the yeast world-famous medical authorities recommend.  
3 For all yeasts it has been known as the best for all purposes.

## UPSETS MARK NET TOURNEY

Surprise Victories Feature of Willows Club Badminton Meet—Continues Tonight

Two upsets featured Monday's play in the Willows Badminton Club championships on the club's courts. Miss Hughes and Ralph Bagley caused a distinct upset by defeating Reg Corfield and Miss Jackson, the latter being a favored pair to win the honors. Bagley figured in another surprise win by teaming up with Pat Colclough to eliminate the strong pair of Drenth and Peter Phillips. P. Nation, Island junior champion, went out by falling before the stoking of L. Davis in three sets.

### THE RESULTS

Results and draw for tonight follow:

**Women's Open Singles**  
Miss M. Hughes defeated Miss D. Morley by default.  
Mrs. Mangin defeated Miss B. Nelson, 11-5, 11-7.  
Miss B. Nelson defeated Miss P. Jackson, 12-12, 9-11, 11-6.

### Men's Open Singles

C. Logan defeated Ian Phillips, 15-10, 15-13.

### Open Mixed Doubles

Miss J. Campbell and T. Simmons defeated Miss I. Benson and G. Phillips, 15-8, 15-9.

Miss M. Hughes and Bagley defeated Miss P. Jackson and Corfield, 15-7, 15-12.

Miss M. Campbell and Colclough defeated Miss M. Phillips and I. Phillips, 15-11, 7-15, 15-11.

### Men's Doubles Handicap

G. Phillips and C. Logan (-8) defeated G. Roberts and L. Davis (+7), 15-13, 12-15, 15-10.

R. Bagley and P. Colclough (-4) defeated Witter and W. Dunbar (+7), 15-10, 15-12.

R. Bagley and P. Colclough (-6) defeated D. Hinks and J. P. Phillips (-10), 15-11, 14-15, 15-6.

### Women's Doubles Handicap

Miss J. Campbell and Miss M. Miller (-1 hand) defeated Mrs. Pritchard and Miss B. Beedham (+4), 15-11, 11-15, 15-12.

### Mixed Doubles Handicap

(-12) defeated Miss M. Harris and D. Davis (-9), 10-15, 15-10, 15-8.

Miss L. Ryan and P. Nation (+6) defeated Miss P. MacDonald and I. Leslie-Ewing (+2), 9-15, 15-13, 15-13.

### TONIGHT'S DRAW

Draw for tonight follows:

**8:00—Men's Singles, Open**  
D. Hinks vs. C. Logan.  
P. Colclough vs. T. Simmons.

### SEMI-FINALS

**8:00—Women's Singles, Open**  
Miss Jean Campbell vs. Mrs. Mangin.

**8:00—Women's Doubles Handicap**  
Miss M. Phillips and Miss M. Hughes vs. Miss P. MacDonald and Miss M. Harris.

Miss M. Campbell and Miss D. Morley vs. Mrs. Knox and Mrs. Unsworth.

## TAX RATE MAY BE SET FRIDAY

Mayor Will Ask Council to Determine Impost, Then Balance Budget

The 1934 mill rate probably will be struck at Friday's meeting of the City Council, Mayor David Leeming stated yesterday. The mayor, however, declined to express his views on what he thought the mill rate should be.

He said he would ask the council to set the mill rate and ask the special estimates committee to prepare the budget according to the rate.

Since there is more than \$300,000 to delete from the budget, despite some relief in the form of increased school grants that has been given by the Government since the budget was prepared, the special estimates committee will have a heavy task on its hands.

### FINANCIAL POLICY

It is expected that the budget will undergo a transformation purely by "high financing" as it is termed by some. That there is very little more that can be cut from the appropriations is the general feeling of the council, so that it is possible that the aldermen may be called upon to vote on a new financial policy in order that the council may present a budget that will balance.

However, this will depend largely upon the recommendations of the special estimates committee.

## PLAY CONTINUES IN CARPET MEET

Second-Round Matches of Victoria Carpet Bowling League Meet Are Played

Play continued in the annual Victoria Carpet Bowling league championships last night at the Crystal Gardens. Close and one-sided fixtures marked the men's singles.

W. H. Hurst, 13, vs. W. Walker, 20. E. Forrest, 23, vs. P. Walker, 18. W. Haislop, 19, vs. P. Walker, 16. G. Thompson, 20, vs. G. Knight, 15. G. Cooper, 14, vs. W. Baker, 21. A. Fraibon, 11, vs. J. Hetherington, 19.

W. Kirchin, 21, vs. G. Newbold, 8. S. Dimtolline, 8, vs. W. Ashworth, 13.

D. Breckenridge, 21, vs. P. Cairne, 13.

### TONIGHT'S DRAW

Draw follows:

**7:30—Singles**  
J. Green vs. E. Perry; G. Foster vs. E. Barnes; R. W. Wilson vs. A. Pynn; C. Hulton vs. Tubby Low.

J. Dennis and Mrs. Todd vs. F. Rogers and Mrs. Barnes.

### THURSDAY'S DRAW

Thursdays draw follows:

**7:30—Singles**  
T. Lowe vs. S. Campbell; T. Lowe vs. A. Wyman; D. Ryles vs. G. Carey; P. Chesworth vs. A. Holliday.

**8:15—Doubles**  
F. Rogers and P. Stenson vs. S. Dimtolline and P. Walker; Frank Le Roy and A. Pynn; D. Knight and W. Knight vs. W. Baker and D. Breckenridge; Tubby Low and E. Perry vs. G. Greenhill and E. Eastham.

### SALMONBELLIES ARE PREPARING FOR YEAR

NEW WESTMINSTER, B.C., March 13 (CP).—The Salmonbellies Lacrosse Club cleared decks for action today, with the election of Mayor Fred J. Hume, president, to succeed Bert Gilkey. Grumpy Spring will be back in his old place as manager.

Honorary President, Hon. Wells Gray, M.L.A., Herb Ryal, Pat Peeney; first vice-president, Stan-ley Rose; second vice-president, Willie Patchell; third vice-president, Alex Duncan; executive, Lawrence Nelson, Oscar Swanson, Fred Foreman, Campbell Robertson and Wilfred Hill; delegates to the New Westminster Amateur Athletic Association, Fraser Rowan and Wilfred Hill.

### MARIGOLD XI HOLDS PREMIER POSITION

Marigold stayed in premier position in the Royal Juvenile Athletic Association Football League by scoring a 2-1 victory over the Trojans, Saturday afternoon, Victoria West Cub kept in the running by downing Oak Bay United, 4-1, while the Capitals and Equinox Rangers battled to a 2-2 deadlock. Pictures for this week follow:

Capitals vs. Oak Bay, Heywood Avenue, Referee W. Cull; Marigold vs. Victoria West, Referee Shrimpton; Trojans vs. Equinox, Victoria West Park, Referee Humphreys. All teams are reminded to attend the monthly meeting of the association at the Y.M.C.A. tonight at 7:30.

### ERNIE GOOD WINS MEDAL AT NAINAIMO

NANAIMO, March 13.—Ernie Good won the monthly medal from a large field of starters at the Nanaimo Golf Club links with a net score of 58.

Dr. P. Margeson, who shot a brilliant 70, placed second with a net of 62. Other scores were: J. H. Rucker, 53; J. Stevens, 67; P. Cowman, 68; N. Palmer, 70; L. La Paz, 71; F. S. Cumliffe, 72 and D. Borsland, 74.

## Rugby Teams to Stage Dance for Hospital Benefit

With the proceeds going towards the St. Joseph's Hospital, a large crowd of Rugby enthusiasts and their friends is expected to attend the dance to be held tomorrow night, at the Palais de Danse, under the direction of the Garrison and J.B.A. squads. Corporal R. Quinn and Arthur Cox are in charge of the function.

## BANKING SUBJECT OF WIDE INQUIRY

Continued from Page 1

Instead of following the Power plan of holding the inquiry before reviewing the bill extending bank charters for another ten years, the Government proposed to combine the two. On relevant clauses of the bill, bankers will be called to give evidence, and as the Finance Minister said: "Speaking for the Government, I wish to say it is our desire that there should be no suggestion of narrowness in the inquiry."

### SCOPE OF INQUIRY

The Power motion listed the following topics to be investigated, each of which will be probed on some relevant clause in the bill: the monetary and fiscal policies of the Government; the general policies of the banks in combating the depression, especially to what extent they were responsible for deflation; the circumstances that led to a Dominion order-in-council permitting the banks to show investment securities in their financial reports at valuations other than market quotations; relations of the banks to the Western wheat pools and the pulp and paper industry; relations of the banks to the Canadian Pacific Railway Company, especially the \$60,000,000 Dominion-guaranteed loan.

### SALARIES OF CLERKS

A group of bank clerks in Western Ontario have complained to the committee of the low scale of bank salaries. Their representations will be heard later, it was announced by the committee chairman, R. E. Hanson, Conservative, York-Sunbury.

Hon. Raymond Morand, Conservative, said that he would move at the next meeting to insert a fair wage clause in the Bank Act. This would apply to bank clerks generally "who, I think, are underpaid in the industry."

An amendment to penalize banks where interest or discount was charged by them at a rate above 7 per cent was filed by W. A. Beynon, Conservative, Moose Jaw. In such cases where interest of more than 7 per cent was charged, the amendment provides the bank in question would forfeit a loan secured from recovering the principal involved, or interest.

### DIRECTORS' OCCUPATIONS

Another amendment came from Coote, U.F.A., Macleod. He gave notice of an amendment to each of the charters of banks called upon to list statements giving the name, occupation and address of each director, and of the names of the companies of which he was director.

There might be some doubt under strict parliamentary procedure of the propriety of the committee to go fully into the matter of the Power amendment, said Chairman Hanson. There was a unanimous desire to go into the subjects touched upon by the amendment, and this would be done.

As the committee was agreed on the necessity for the inquiry proposed in the Power amendment, the committee was asked to consider the amendment should have the services of a counsel. Motion was then made by Mr. Hackett that the subject matters in the Power amendment be dealt with as each appropriate section in the bill came under discussion.

### TO CLEAR UP DOUBT

"I object," said William Duff, Liberal, Antigonish-Guyabrook. "The chairman has asked some of the authority of the committee to go into all of the items in the Power amendment. If there is any doubt of the authority of the committee, I should like to see the necessary authority."

The suggestion for an amended reference should be considered seriously, said Hon. W. D. Ehler, Liberal, Waterloo North. An important witness before the committee should be called to the aid of the committee to inquire into some of the subject matters in the Power amendment.

To Mr. Duff, the chairman said he had some doubts about the constitutionality of the committee to hold the proposed inquiry, but he was not giving a ruling on it at present.

### NON-CONTENTIOUS CLAUSES

The committee then turned its attention to consideration of some of the non-contentious clauses in the bill. A clause dealing with the ranking of creditors against the assets of a failed bank was passed after some discussion.

A clause stipulating a penalty of \$400 for the issue of notes for reference, other than by a bank, brought on a discussion, led by Mr. Coote.

Several Western municipalities had issued scrip for use within their boundaries, said Mr. Coote. One municipality had been brought into court on a prosecution, although no harm had been done to anyone, and the issue of the scrip by the municipality had served a very useful purpose. "If there are any provisions in the Criminal Code relating to the issuing of scrip, I do not think it is necessary to put a clause in this bill to prevent a recurrence of the situation."

## City and District

### Disarmed Case—Charged with unlawfully retaining a baby goat, knowing it to be stolen, Charles Bland was discharged in the city police court yesterday.

### To Hold Concert—The monthly concert of the Britannia Branch, Canadian Legion, will be held on Friday, in the club quarters, View Street, and will take the form of a St. Patrick's entertainment.

### To Design Plans—C. Elwood Watkins, architect, will design the plans for the proposed new infirmary wing at the Old Men's Home. These plans will be studied carefully before any recommendation is made to the council.

### Young Liberals—The regular meeting of the Ward Two Young Liberals will be held at headquarters tonight at 8 o'clock. A social and dance will follow the meeting. All members are requested to attend.

### Committee Meet—Three meetings of civic bodies are scheduled to take place today. The health committee of the council will convene at 10:30 a.m., while the parks committee will meet at 2:30 p.m. In the evening, trustees of the Royal Oak Burial Park will meet at 8 o'clock.

### To Speak Tonight—G. G. McGeer, K.C., M.P.P., for Vancouver-Burrard, will deliver a lecture this evening at the City Temple, at 8:15 o'clock, on "The Bank of Canada," giving his suggested solutions of Canada's monetary and fiscal problems. Dr. Clem Davis will preside.

### Teachers to Meet—In order to discuss further the Music Teachers' Bill, prior to presentation to the Legislature, the Victoria Music Teachers' Association will meet this morning in the Y.W.C.A. The bill has been discussed at previous meetings, and many points have been clarified. Interest in all music teachers in the province.

### Dairymen's Meeting—A dairymen's meeting will be held at Royal Oak Hall on Friday, at 8 p.m., to discuss the milk utility brief as drawn up by the dairymen's committee.

### WORLD PEACE IS DISCUSSED

Veterans Debate Disarmament—Ask Reorganization of Pensions Body

OTTAWA, March 13 (CP).—The general convention of the Canadian Legion set for only a few hours today, most of the work being taken up by the numerous committees. It is expected that the Legion's gathering will end at noon on Thursday.

Today the delegates approved a number of reports and resolutions and heard Colonel George Drew, of Toronto, discuss the problems of disarmament and world peace.

Earlier in the day the Legion joined with the Amputations Association, whose convention closed tonight, and deposited wreaths in the memorial chamber at the base of the statue of Colonel G. H. Baker, former member of Parliament, who was killed at Ypres in 1916, and on his memorial to the Nursing Sisters.

### AT JOINT BANQUETS

Tonight a joint banquet was held by the Legion and the amputations association delegates.

Following Colonel Drew's address the Legion unanimously passed a resolution in favor of peace, disarmament and the arbitration of international disputes and advocated the removal of the manufacture of implements of war from private to public control in all countries.

In a lengthy resolution on pensions, today the Legion called for a complete reorganization of the pension commission and protested against interference by the Auditor-General of Canada with the work of the commission.

## ALPINE CLUB TAKES OUTING

Scafe Hill Furnishes Seventeen Climbers With Rope-Work Practice

Members of the Vancouver Island Alpine Club of Canada visited Scafe Hill, in the Highland District, on Sunday.

The rocky face of Scafe Hill was climbed without any mishap, the party dividing to avoid the possible danger of falling stones. The ascent was undertaken after a most delightful drive through wooded country.

The party reassembled on the lower of the two summits, a park-like spot, commanding a fairly wide view. A descent of about two hundred feet revealed a stream, where a stop of an hour was made for lunch. Another short walk, and the summit of the hill, 860 feet, was reached.

Many evidences of early spring were found during the course of the climb, many wild flowers being in bloom.

On the return journey roping operations were practiced on the rock slopes. The next outing on the programme will be to Mount Work, on March 25, when the party will again leave Bastion Street at 10 a.m. The annual dinner of the club will take place at the Empress Hotel, on Monday, March 26.

## ALAN PREVOST WINS MONTHLY MEDAL AT COWICHAN GOLF CLUB

DUNCAN, March 12.—The men's monthly medal competition at the Cowichan Golf Club was won yesterday by Alan Prevost with a gross score of 78, handicap 7, net 71.

Others competing were: J. E. Pugh, 81; H. Kingsbury, 82; G. Mainguy, 83; W. Carr-Hilton, 84; W. Harper, 85; B. Robertson, 86; W. Dickie, 87; W. Taitton, 88; R. Ransome and G. H. Andrews.

Next Friday, women's foursomes, arranged by the captain, Mrs. M. M. White, will be played, and Sunday, twenty members of the Nanaimo Golf Club will play a friendly match with the local club.

### Fine Work Achieved By Missions Albert Little Spectacular

Gratifying Reports Read at Annual Meeting of Presbyterian W.M.S.—Distinguished Visitors Bring Friendly Greetings at Banquet

"MUCH quiet, unspectacular work has been carried on, and much has been accomplished during the past year," said Mrs. James Herd during the course of her presidential address, last evening, at the opening session of the twentieth annual meeting of the British Columbia Provincial Women's Missionary Society of the Presbyterian Church in Canada, now in progress at St. Andrew's Presbyterian Church.

"In these days of unrest and anxiety," Mrs. Herd continued, "it is almost with a feeling of profound rest and security that one reviews the work of our society. True it is, that much expansion has not been possible, and anxious care over expenditure has been necessary. Administration expenses in British Columbia have been curtailed as far as possible and we have been able slightly to increase our remittances to Toronto over those of last year. Whilst this may be so, let us not relax our efforts, for we have not reached our allocation. Rather let us strive still further to reach this goal. In this connection may I emphasize the value of small sums given regularly."

She told of having visited all four Presbyteries during the year. In conclusion, Mrs. Herd gave two watchwords, "Faith" and "Love," leaving her listeners inspired with her own zeal and determined to go forward bravely to further the work which is theirs to do.

In her report as corresponding

the public meeting, Mrs. W. Sanders, president of the Victoria Presbytery, was in the chair. The lecture-room looked particularly attractive, with beautifully decorated tables and a large gathering of local members and delegates. Mrs. Sanders greeted the visitors in a most charming manner, and called upon Rev. H. P. S. Luttrell to bring greetings from St. Andrew's Church and on behalf of the Synod. He spoke of the vital part which missions play in Christianity and emphasized the importance of this phase of the church's life. Rev. Samuel Lundie brought greetings from the Victoria Presbytery. Mrs. R. C. Donald, finance secretary of the executive council at Toronto, who is visiting here, was a most welcome guest, and spoke a few

### St. Patrick's Day Will Be Celebrated

On Saturday evening the festival of St. Patrick's will be celebrated with the annual concert to be held in the Royal Victoria Theatre, the proceeds to go to the St. Louis College, now in the fourth year of its usefulness. Following the custom of former years, a varied programme of charming numbers will be given under the direction of Mr. Frank J. Sehl, who has secured ample voluntary talent for a delightful entertainment.

### Picture Is Presented To School

To commemorate the arrival of Governor Bligh, the Native Daughters of British Columbia Post No. 3 presented to Quadra Street School, on Monday, a picture of Governor Bligh, which showed him in Victoria and the steam sloop "H.M.S. Discovery." The presentation was made by the chief factor, Mrs. F. C. Webb. Others who represented the post were: Mrs. A. Beckwith, Mrs. C. Davies, Mrs. Dalziel, Mrs. E. A. C. Grant and Mrs. J. Lorimer.

The ceremony took place in the auditorium of the school. The principal, Mr. Green, introduced Mrs. Webb, and following the presentation, the students sang several appropriate selections.

### Anglican Young People

ST. JOHN'S  
The weekly meeting of St. John's A.Y.P.A. was held on Monday evening in the guild room of St. John's Church. Mr. S. C. Hawkins gave a short address on the object of the Anglican Young People's Association of Christendom. A short business meeting followed the address, when a hearty vote of thanks was extended to Miss L. Trickett, who donated an interesting photograph of the A.Y.P.A. convention held recently in Vancouver. It was announced that tickets for the play, "The Dream of Queen Elizabeth," to be presented by St. John's Players, at Easter, could be obtained from Mr. J. White.

ST. MARK'S  
The regular meeting of St. Mark's A.Y.P.A. was held recently in the parish hall, with the president in the chair. After the minutes had been read, the treasurer gave the financial report for February. It was decided to hold a bazaar in the near future and there will be an executive meeting to make preparations for it. The next meeting will be held on March 21.

### Clubs-Societies

Pythian Sisters  
Mrs. E. Manly, of Grand Forks, Grand Chief of the Pythian Sisters Lodge of British Columbia, paid an official visit to Island Temple No. 8. She was accompanied by M.E.C. Mrs. Dunkeld, Grand President, and respondent M. Lillian Savage, M. of R.C. Mrs. McKenzie, of Maple Lodge, Duncan; also Grand Chancellor George Savage, of Maple Lodge, Duncan. The temple was also visited by Mrs. Garrett, of Grand Forks, who is now making her home in this city. A banquet was held before the meeting under the convener'ship of Mrs. McDowell, who was ably assisted by Mrs. Maude Haines and Mrs. R. Smith. The table was beautifully arranged and decorated with St. Patrick's decorations.

James Bay W.M.S.  
James Bay W.M.S. met recently at the home of Mrs. Macintosh, 45 South Turner Street. Miss Spencer read the Scripture. A talk was given by Mrs. Pratt, who has spent about thirty years as a missionary in India. Mrs. Hamilton read a letter on temperance and spoke of the downfall caused by drink and alcohol. Mrs. Henderson, also speaking on temperance, thought that the W.M. Societies could help the temperance unions with their support. Refreshments were served and a social time spent. Mrs. Dilworth moved a vote of thanks to Mrs. Macintosh for the use of her home.

Queen Alexandra Review  
A bridge and court whist party will be held on Friday evening at 1230 Government Street, commencing at 8 o'clock, under the auspices of Queen Alexandra Review No. 1, W.B.A. Refreshments will be served and good prizes given.

Esquimalt L.A.  
The Ladies' Aid of the Esquimalt United Church will hold a silver tea tomorrow at the home of Mrs. Purdy, 706 Lamson Street. An attractive musical programme has been arranged. The proceeds will go toward the painting fund. A cordial invitation is extended to all.

Sooke W.A.  
The monthly meeting of the Sooke Women's Auxiliary to the M.S.C.C. of Holy Trinity Church, will be held at the home of Mrs. H. Slack this afternoon, at 3 o'clock.

Knox Ladies' Aid  
The regular meeting of the Knox Ladies' Aid will be held tomorrow afternoon at 2:30 o'clock instead of today.

### Presbyterial Asks B.C. Government to Abolish All Liquor

Sweeping Resolution Passed at Eighth Annual Meeting of United Church Women Here—Mrs. W. J. Graham Elected President

RESOLUTIONS calling upon the Government to abolish all forms of liquor advertising at the earliest possible date; expressing strong opposition to any legislative enactment making it legal to sell beer and wine, or to drink the same in public eating places; and asking for an amendment to the act defining the area in which a plebiscite be taken, making the electoral district the minimum area in which a plebiscite may be taken, were passed at the eighth annual meeting of the Victoria Presbyterial of the Women's Missionary Society of the United Church in Canada, meeting at the First United Church, yesterday. Copies of these resolutions are to be sent to Hon. Dr. G. M. Weir, Minister of Education and Provincial Secretary.

The Presbyterial concluded its day-long sessions late in the afternoon in time for delegates to welcome delegates to the W.M.S. Conference arriving from the Vancouver boat. One of the last items of the afternoon programme was the

Table Set for Dinner, Hats and Favors Used for St. Patrick's Day Party.

By LILIAN CAMPBELL.  
If you are not barred by your religious convictions from giving a party on March 17, during Lent, the birthday of that lovable and courageous old Saint Patrick, is a most delightful occasion to celebrate.

There's no worry about decorations at this time, for they are all "wearing of the green." A live shamrock would be a pretty and appropriate centerpiece for your table, and if not that, maybe you have one of those pots of grapefruit plants that are so green and pretty at this time of year.

Candles, of course, will be emerald in color, and favors of various kinds, nut cups, etc., may be acquired for a small sum, also tally and score cards, if it is to be a card party.

A costume party is pretty for St. Patrick's Day, and those shown on the paper cups pictured will give you some idea of appropriate ones. Of course there are many others.

books, needle-books, bulbs, seeds, personal shopping, and such papers as The Sunday Colonist, The Morning Star, and The Witness.

The C.G.I.T. secretary, Mrs. A. J. Daniels, reported fifty C.G.I.T. groups in the Presbyterial of these, thirty were in Greater Victoria, and twenty in the U.S. and districts. Twenty-one were affiliated with the W.M.S.

**REPORTS FROM BANDS**  
The missionary band secretary, Mrs. G. A. Fields, reported a total of sixteen bands with 398 members. While the number of bands had increased by three, the membership had decreased by seventeen. The total amount raised during the year was \$355.87, by means of fees, miteboxes and thank-offerings. Fourteen bands had sent in reports that were financially correct, and for this had been given a place on the honor roll. Interesting and instructive meetings were reported, a large percentage of the groups using the study books. Temperance education was being carried on in several of the bands. Mrs. Fields' report expressed regret that there were no baby bands in the Victoria Presbyterial, this meaning that the first link in the chain of the Presbyterial missionary organization was lacking.

Miss G. Baker, strangers' secretary, reported that during the year 523 strangers had been visited in their homes, 482 in hospitals, and sixteen "New Canadians," who had been given instruction in English. The total number of strangers cared for during the year was 534; the number of persons other than strangers, 1,117; and the total number of calls made by the strangers' secretaries, 2,519.

**CHRISTIAN STEWARDSHIP**  
In making her report on Christian stewardship and finance, Mrs. George Guy pointed out that raising \$7,008 for 1933 against \$8,200 in 1930, was an advancement and not a retreat, considering the reduction of incomes during the past two years, also that there had been a real deepening of spiritual values and a growing realization of the

The girl chum says you couldn't make some people take good advice, even if you had it stream-lined, either

The hats shown also are appropriate, and may be given each guest a favor and worn during the evening, as each is provided with elastic to hold it on the head.

Do you remember the tale of the gentle saint who was born in England, but captured by pirates when a boy of sixteen, and taken to Ireland, where he was sold as a slave and forced to tend his master's sheep and pigs on the bleak hillsides? His one consolation in his exile from home was in repeating the psalms and prayers his mother had taught him.

Finally a voice in a dream told him he would soon go home: that a ship was ready. He found the ship, but the captain was not minded to take a runaway slave with him. "Patrick persuaded him, however, and after much hardship he reached home and was welcomed by his rejoicing family.

But, having once lived in the Emerald Isle he could not forget it. The hats shown also are appropriate, and may be given each guest a favor and worn during the evening, as each is provided with elastic to hold it on the head.

work that is being accomplished by the Women's Missionary Society, both in home and foreign lands.

Miss N. Brak, literature secretary, reported that of the eleven auxiliaries that had filled in and returned report forms, nearly all told of the regular use of the study book. Only one auxiliary, however, had a study group.

The temperance secretary, Mrs. W. J. Graham, noted that the illness throughout the year of the temperance secretary had proved a handicap to the work of scientific temperance study in C.G.I.T. circles and bands. Duncan Missionary Band, had won the cup this year in the junior group temperance competition. On March 8 a Temperance League, consisting of the general secretary, Rev. R. J. McIntyre, Dr. Hugh Dobson, Rev. E. Paul and Victoria members, had waited on the Government to furnish information concerning the liquor situation.

**Daffodil Tea Will Be Held**  
Plans for a daffodil tea to be held on April 14, at "Glasgow," the home of Mrs. G. A. Fields, Gorge Road, were discussed at a meeting of H.M.S. Resolution at the home of Mrs. A. M. Watson, Newport Avenue.

Mrs. Clifford Collier was appointed convener of child welfare. Miss Jean MacLaren, League of Nations; Miss Irene Ross, Empire study; and Miss Dorothy Crighton, press. A large number of magazines were received for distribution in the unemployment camps.

Two new members were elected to the chapter, Mrs. Charles Ozard and Mrs. R. Rome.

**Girl Guides Are Granted Warrants**  
Tawney Owl warrants were granted to Miss Patricia Ellis and Miss M. Plumb, of the Second Victoria East Division of Girl Guides, last night, at the regular meeting of the Victoria and district association, at which Mrs. Kylie Symons presided. A lieutenant's warrant was received and granted to Miss Yule George, of First Victoria East Rangers.

Mrs. Nichol kindly offered some interesting films which the association could show to the public. This offer was accepted and arrangements are being made to present the films in conjunction with a concert to be held the end of April. Definite plans will be made at the next meeting.

Arrangements for the annual garden party will be made at a special meeting to be held shortly. A donation of \$20 was made to provincial office

and were drowned. All but one huge reptile, who declared he wasn't going to leave. St. Patrick argued with him and even brought a box for the snake to climb in, but he wouldn't, saying the box was too small for him. St. Patrick said it would fit him perfectly and, just to show that the saint was wrong, the serpent crawled into the box, and like a flash the lid was clapped on, and that was the last of the snakes in Ireland.

A play based on this story might be given at school or Sunday school. Typical Irish dances could be learned, too, to add to the fun.

For refreshments, the principal thing in planning a home party, you have the colored gelatines to make the basis of a molded salad. Lettuce, too, is green, and various sandwiches may be made, showing the color of the Emerald Isle, while cake frostings and candies all may be tinted green to carry out the color scheme.

**Social and Personal Notes**  
**Joint Hostesses**  
Misses Mary and Thelma Cave were joint hostesses recently at a delightful party at their home, 1572 Ryan Street. The evening was spent in games and dancing and a all-down supper was served at midnight. The invited guests were: Misses Edythe Willot, Hilda Brooks, V. Eskine, Violet Wolfe, Phyllis Turner, June Poulton, Mary Mattson, Eleanor Crookes, Louise Crookes, Messrs. Thomas Wilson, Frank Willet, Harold Price, Bert Baggis, Alfred Raeside, James Muir, Harold Bull, Jack Bull, Kenneth MacDonald, E. Jones, George Paton and William Jones. Others who joined the party later were Messrs. Donald Wheldon, George Cliff, Douglas Hunt, Gordon Gray, A. Coomber, Edward Malson, Richard McMillan, Bert Simpson and Miss Doris Patterson.

**Tea at Empress**  
The President's Council of the P.E.O. entertained at tea yesterday afternoon at the Empress Hotel in honor of Mrs. Paul Smith, M.P.P., and Mrs. G. Barrow, both visiting members of the P.E.O. The guests were welcomed by Mrs. Edwin Tomlin, the president, and tea was poured by Mrs. J. Pearce and Mrs. S. O'Neil.

**Return Up-Island**  
Miss Mary Wood, who arrived in Victoria on Saturday aboard the S.S. Santa Rosa, from California, where she had been motoring for the past two months, then has been visiting here, has returned to her home at Alberni. Miss Wood was accompanied by her sister, Miss Kathleen Wood, who came to Victoria to meet her.

**Arrives From England**  
Miss Ethel A. Hornell who has been visiting relatives and friends in the Old Country during the past year, arrived in Victoria yesterday aboard the Ms. Pacific Ranger, via the Panama Canal and California. Miss Hornell will make an indefinite stay in the city as the guest of Major and Mrs. F. V. Longstaff, Gonzales Heights.

**Left Ship Here**  
Mr. and Mrs. A. T. MacLean, accompanied by their son, Master Allister MacLean, who have been holidaying in Southern California, arrived in the city aboard the S.S. Emma Alexander, after spending a short time visiting here, will proceed to their home in Vancouver.

**From Toronto**  
Mr. and Mrs. R. E. Knowles, Toronto, after spending a few days on the Mainland, have returned to Victoria, and will be at the Empress Hotel for some time. Mr. Knowles is feature writer for The Toronto Daily Star.

**Back From South**  
Mrs. Fred Spencer and her daughter, Miss Gwendolyn Spencer, returned home Monday, having arrived aboard the S.S. Emma Alexander.

**Request for Milk Supply Is Granted**  
A request from Miss Herbert, school nurse, for straw and milk for three more school children was made and granted at the monthly meeting of the Dr. O. M. Jones Chapter, I.O.D.E., last night, at headquarters, with the regent, Mrs. William Ellis, presiding. The chapter has never turned down a case of this kind.

Mrs. F. F. Beckett, educational secretary, reported on the National Chapter, and requested that an intensive study of the League of Nations be made along the lines laid down in the pamphlet, issued as "An Appeal to Canadians," by the Prime Minister of Canada, the leader of the Liberal party and the leader of the Canadian Co-operative Commonwealth Federation. A resolution was passed, asking Municipal Chapter to organize a study of all the chapters to deal with this important subject. A donation of \$2.50 was made to the isolated school fund. Miss Gowcroft, Echoes secretary, requested a greater support of Echoes. Four new subscribers expressed willingness to take papers.

Mrs. W. Ellis was nominated delegate to Provincial Chapter convention, to be held in April at the Empress Hotel. Mrs. Walter Walker was welcomed as a new member, and Miss Evelyn Ross was proposed and seconded as a member.

Mrs. H. Smith, one of the ardent workers in the chapter, who will leave the city this week to make her home in Courtenay, was presented with a bottle of lavender essence, made up by the honorary regent, Mrs. O. M. Jones. The regent made the presentation on behalf of the members.

## MOUNT TOLMIE AGAIN CHOSEN

Twelfth Easter Sunrise Service Will Be Held by City Temple, April 1

The twelfth sunrise service to be held under the auspices of the City Temple will take place on Easter Sunday morning at Mount Tolmie at 7:30 o'clock. Dr. Clem Davies, who inaugurated the ceremony, announced yesterday. Easter Sunday falls on April 1 this year.

A change is being made in respect to the time of the service. It will start a half-hour later this year so as to give those living in rural districts an opportunity of attending. Street cars will leave the terminals at 6:30 a.m.

Complete arrangements and the programme will be announced later.

## Radio Programmes

Summary of Schedule of Victoria and Other Pacific Coast Stations

**TODAY**

10:15 a.m.—Norma Shearer, that exotic beauty of the talking screen, will be interviewed by Louella Parsons, noted gossip writer, when this quarter-hour feature is offered from Hollywood. Ray Palmer's Orchestra will present the incidental music.

10:30 p.m.—Two of Albert Spalding's own arrangements of old Irish folk songs will be featured by the noted violin virtuoso when he offers his recital with Conrad Tibbault, concert and light opera baritone, and Don Voonhee's Orchestra. Spalding will highlight "Nora O'Neill" and "The Foggy Dew."

6 p.m.—Leopold Stokowski, conducting the Philadelphia Orchestra, will play the second movement of the Brahms Third Symphony in F Major during this nightly Columbia symphonic quarter-hour. KOL, KVI, KSL.

6 p.m.—Miriam Hopkins, equally celebrated on the stage and on the screen, will be heard on the air when she comes to N.B.C. microphone as the guest of the Ipana Troubadours. Miss Hopkins will share honors with the "rolling rhythms" of Lennie Hayton's Orchestra and Ray Heatherton, the singing troubadour. KOMO.

6:30 p.m.—John McCormack, renowned Irish tenor, will bid farewell to Canadian and American listeners until next Fall, when he sings from New York this time, "The Road of Atrah," "A Fairy Story by the Fire," "The Old Reel," "A Dream," "As I Went a-Walking," "The Dog Tray," and "Bless This House," which will be his broadcast. William Daly's Orchestra will accompany him. KOMO.

6:30 p.m.—Tinnies of their own peculiar brand will burst forth over Columbia lines when Burns and Allen, the incomparable George and Gracie, broadcast with Guy Lombardo's Orchestra. KOL, KVI, KSL.

7 p.m.—Featuring Ted Fio Rino's Orchestra and singing ensemble, with Dick Powell, popular film personality, as master of ceremonies, this half hour of music and fun will be heard for the second time from Los Angeles. KOL, KVI, KSL.

7:30 p.m.—Evelyn McGreger, contralto, and Evan Evans, baritone, will again share the spotlight on the brilliant musical revue, "Andre Kostelanetz Presents," during the broadcast over Columbia during this period. KVI.

## Prince Sigvard Is Married to Commoner Girl

DESPITE the loss of royal rights and the displeasure of the royal family of Sweden, Prince Sigvard, son of Sweden's Crown Prince, married in a London registry office Erika Patzek, Berlin film actress, and daughter of a business man. Here are shown: 1. Prince Sigvard and his bride, as they appeared dining together in Berlin not long ago; 2. the prince, who is a movie director, in the royal uniform he may never wear again; and 3. the prince at work in his office.

CHAPTER X

Fairchild's radio message that he was bringing back a daughter of the Maori Kings caused Herzman to send for Price in a hurry.

The press agent wanted to break the story without an instant's delay. "Page one stuff! Every city editor in town will fall on my neck and the A.P. and U.P.I.!"

"Just a minute," Herzman rubbed his nose thoughtfully. "Fairchild will be four-flushing—he's a publicity hound and might try to slip one over. If I'm right, a release will put me behind the eight ball."

"But he's a Fairchild. That means he's..."

"He's a Fairchild. But he's a son of a gun, one of the biggest sons that ever hit the main aisle. If he wasn't, he wouldn't be sinking money now in the Maori Islands. I'll wire Judell for confirmation."

"Good idea, chief. But be discreet."

"Leave that to me. Fairchild won't suspect what I'm doing. But Judell'll understand—he's a sweet heart."

The next afternoon Herzman summoned Price and handed him a message which read: "O. K. J."

Price grinned. "Here's where we go to town. I'm going to be handing me a raise without my asking."

In a week, those United States will be Maori again—or you'll be in the bread line."

Price grinned as happily as if Herzman's words were praise and not a threat. "I start right now. For days many of the best people whenever they picked up a newspaper and certain dowagers revised their invitations. Never had the name of Fairchild received such baptism in printer's ink."

When the Flamingo finally popped her nose into the East River the pier was alive with reporters, cameramen, special writers and newsmen. Two of the best-known columnists even arose to the unheard of hour of noon to be on hand.

Fairchild, standing in the bow, thrilled when he saw the assemblage. Then he hurried below to get Mari. For days he had been drilling her and had found an apt pupil. Still she might be frightened when cameras were pointed at her and questions asked in rapid succession.

"Don't be afraid, Mari," he said. "I will be with you all the time. If you will be with me, I will fear nothing." She answered, her great dark eyes on his face. "You are strong and brave like my Kuan."

Her words caused Fairchild to experience a twinge of conscience. Her attitude had been the same ever since he had burst into her cabin just in time to save her from Judell.

Judell had apologized profusely. He had said that he had been full to the eyebrows. Otherwise, he never would have done such a thing. He had maintained that it was SLOAN'S Liniment—it does the complete job alone... Few homes are ever without a bottle of this fine old Liniment—none should be... Order from any Druggist.

As Mari turned to the mirror for a moment before going on deck, Fairchild decided that she was really lovely, even more lovely than she had been on the flat floor of the Loti pool in the moonlight. At his suggestion, she had donned a long, simple, yellow gown, which

divan beside the girl, and regarding him with wonder in her eyes, she began to trace his profile with a small hand.

"Well, do you approve of my measurements?" asked the producer as if not at all displeased with her familiarity.

"Your nose, Mr. Herzman! At home I have a parakeet with a nose just like that."

Herzman and Fairchild grinned. But Mari sprang to her feet. "Kuan," she cried. "Where is Kuan?"

(To Be Continued)

## EARTH TREMORS RECORDED HERE

Earth tremors, placed at 5,900 miles distant from Victoria, were recorded on the Gonzales Observatory seismograph at 5:24 a.m. yesterday, F. Napier Denison announced.

It is believed that earthquakes may have occurred in Northern India, which was stricken so severely several months ago. The disturbance had an east-west swing. Mr. Denison stated.

## What Today Means

"PISCES"

If March 14 is your birthday, the best hours for you on this date are from 8:30 to 9:30 a.m. from 2:30 to 3:30 p.m. and from 7:30 to 8:30 p.m. The danger periods are from 10:30 to 11:30 a.m. from 4:30 to 5:30 p.m. and from 6:30 to 7:30 p.m.

If March 14 is your birthday, you should avoid indulging in inactivity. You will find life far more interesting if you will develop a hobby of some kind, which will keep your mind alert and your eyes wide open for the opportunities you will have to take advantage of. The collection of books, china, autographs, or stamps, can keep one busy an entire lifetime, and if you become enthusiastic, your interest will never wane. You have an unusually fertile brain, and if you will supply it with sufficient material in the way of knowledge, which can only be picked up by study, it is capable of producing some very original and constructive ideas.

The child born on March 14, as it grows up, should be taught that procrastination is only the result of a lack of energy. A lazy person puts off doing things that one possesses plenty of vigor does without the slightest hesitancy. A child will readily learn not to put off doing a thing, if impressed with the fact and usually has to be done and will acquire just twice the effort if delayed.

The woman born on March 14 has a passion for beautiful clothes and surroundings. Being of an artistic nature, she has the gift to be able to gracefully arrange the simplest of things. She has excellent taste, and usually proves it by not indulging in any of the extremes that changing styles so frequently tempt the gullible feminine public to flaunt, offending the eyes of the more conservative members of her sex. The wise woman, whose natal day this is, realizes nature cannot be radically improved on, so avoids an excessive use of cosmetics and perfumes.

The man born on March 14 loves money not for money's sake, but solely for the comforts and pleasures it can provide and thus, by this trait, proves he is thoroughly human. Generous almost to a fault, he is the type that is very popular with both men and women. Men, whose birthday this is, may find it to their advantage to adopt as their motto: "A dollar saved is a dollar earned." A good spender is in reality one who knows how to spend his money judiciously. A man to be successful must give serious thought to his financial standing.

People born on March 14 might find it advisable not to let their good nature be imposed on by their friends wheedling and flattery. It is sometimes profitable to learn to say, "No."

BAR GOLD AT LONDON

MONTREAL, March 13 (CP).—Bar gold in London down 3 cents to \$374 an ounce in Canadian funds; 136 1/2 21-22 in British funds. The fixed \$35 Washington price amounted to \$35 in Canada.

## Little Bedtime Stories

An Unseen Watcher  
By THORNTON W. BURGESS

As Lightfoot the Deer and the big stranger from the Big Mountain fought in the little opening near the pond of Paddy the Beaver, neither knew or cared who saw them. Each was filled with rage and determination to drive the other from the Green Forest. Each was fighting for the right to live in the love of Miss Daintyoof.

Neither of them knew that Miss Daintyoof herself was watching them. But she was. She had heard the clash of their great antlers as they had come together, and she had known exactly what it meant. Timidly she had stolen forward to a thicket, where, safely hidden, she could watch that terrible fight. She knew that they were fighting for her. Of course. She knew it just as she had known how both had been hunting for her. What she didn't know for some time was which one she was to win that fight.

Neither of them knew that Miss Daintyoof herself was watching them.

Both Lightfoot and the big stranger were handsome. Yes, indeed. They were very handsome. Lightfoot was just a little bit the bigger, and it seemed to her just a little bit the handsomer. She almost wanted him to win. Then, when she saw how bravely the big stranger was fighting, and how well he was holding his own even though he was a little smaller than Lightfoot, she almost hoped he would win.

That great fight lasted a long time. To pretty Miss Daintyoof it seemed that it never would end. But after a while Lightfoot's greater size and strength began to tell. Little by little the big stranger was forced back toward the edge of the open place. Now he would be thrown to his knees when Lightfoot wasn't. As Lightfoot saw this he seemed to gain new strength. At last he caught the stranger in such a way that he threw him over. The stranger was beaten, and he knew it. The instant he succeeded

## Cold Wave Takes Lives in Mexico

MEXICO CITY, D.F., March 13 (AP).—Two men lost their lives in the cold wave that swept Mexico City Monday night and Tuesday. Police found the victims on the streets. The temperature was reported as four points below freezing, but in the states of Hidalgo, Puebla and Mexico it was eight points lower.

In an Indiana college town a student called at a boarding house to inquire about rooms.

"And what do you charge for your rooms?" he asked.

"Five dollars up," was the reply.

"Yes, but I'm a student," he said, thinking the price a little high.

"That being the case, the price is five dollars down," replied the landlady, who had experience

**WHEN PAIN STABS**

"Pat on" SLOAN'S for Swift Relief...

SLOAN'S Liniment is a fast worker. Its comforting heat penetrates at high speed right to the pain spot. The congestion is "warmed away" and relief comes speedily. ## International Stock Rates to Liverpool Object of New Line

Syndicate Proposes to Project Middle West Railway to Link With Canadian National System for Outlet at Churchill

SASKATOON, March 13 (CP).—Proposals of an American railway syndicate to project a line of the Wyoming, Montana Railroad Company from Montana to Radville, Sask., there to link with Canadian National Railways for an outlet through Saskatchewan and Manitoba to Churchill for the States of Colorado, Wyoming and Montana, were revealed today to members of the Saskatchewan Board of Trade Council.

The proposed line, it was understood, was to give Wyoming and Montana cattle men opportunity to enjoy international cattle trade to Liverpool, which rates were eight cents per 100 pounds lower than those from the Argentine and Russia.

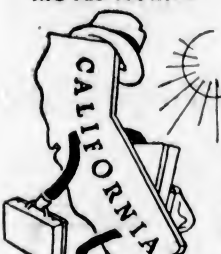

Lee Warren James, of New York, was disclosed, had organized a syndicate to purchase a second mortgage bond issue of \$18,950,000 and hoped to secure a first mortgage of \$50,000,000 from the Reconstruction Finance Corporation.

**COMPANY ASSURED**  
The company was assured by Frank Wright, chief engineer of railway division, public works administration, that the Government would advance the \$50,000,000 if the company should raise \$15,000,000.

**NOTICE TO CONSIGNEES**  
This is to advise that the Mr. Pacific Mailer has arrived from the United Kingdom, fully entered at Customs and cargo discharged. Please pass entire freight and take delivery of goods from R.H. Smith, Ltd., at 11:30 a.m. on March 14, 1934.

## BEACON LIGHT IS REKINDLED

Lighthouse Keeper Landed on Egg Island—Men Still Missing

PRINCE RUPERT, March 13 (CP).—The beacon in Egg Island lighthouse had been rekindled, today, to warn passing vessels away from the treacherous shoals and rocky shores of the Inland Sea, where Daniel Macdonald, forty, assistant lighthouse keeper, and seven-year-old Walter James Flewin, are believed to have been drowned on Friday.

The lighthouse tender Newington, Captain Harry Ormiston, landed the regular light keeper, F. Moran, on the lonely island, yesterday, and he rekindled the light. Moran and his wife had been spending a vacation in Prince Rupert, and Flewin, mess boy on the Newington, had been assisting Macdonald in his absence.

Officers of the Newington reported by wireless they had found no trace of the missing men. The coastal liner Catala had previously reported investigating the darkened lighthouse, Saturday, and the finding of an upturned rowboat drifting off shore.

The Newington proceeded, today, to Leroy Cannery, about six miles from the lighthouse, on the remote possibility something may have been heard there of the two missing men.

No trace has yet been found of Daniel Macdonald and Walter James Flewin, who have been missing since Saturday, according to Provincial Police radio dispatches received here. The men are feared drowned.

Captain Ormiston, of lighthouse tender Newington, wireless, yesterday, that a complete search around the island had failed to reveal anything. No wreckage of clothing was discovered, and it is now believed the missing men's overturned lifeboat was tossed a few days ago when floating 200 yards off shore, merely drifted from its mooring.

## 'ROUND AMERICA' CRUISE OFFERED

Tourists Can Join Empress of Britain at San Francisco or Los Angeles in April

Would-be "round-the-world" tourists who saw with regret the various globe-circling expeditions depart without them last January, will have a chance to enjoy at least the closing stages of one of them, according to J. J. Porter, steamship general passenger agent for the Canadian Pacific here, who draws attention to the "round-America" cruise of the Empress of Britain, now on her home-stretch.

From San Francisco, on April 27, and Los Angeles, on April 29, this round-America cruise visits Balboa, at the Pacific end of the Panama Canal, traverses the canal in daylight, calls at Cristobal, the Atlantic gateway, and then Havana, where, after a couple of weeks or so spent in company with the returning globe-trotters and seeing the sights of the Central American places visited as well as California's famed cities, the round-America tourists, in deference to coastwise shipping laws of the United States, bid farewell to the Empress of Britain.

Sailings of regular steamship services from Havana to New York are available the day the Empress of Britain reaches Cuba, and during the following days, so that tourists can, if necessary, make a speedy return to New York, covering the steamship cruise from San Francisco or Los Angeles to New York in three weeks or less.

A feature of the Canadian Pacific tour is the inclusion in the cruise fare of railway transportation from any point in Canada or the United States on a direct route to San Francisco or Los Angeles and return from New York.

## Will Build Big Acid Plant

MAJOR A. F. Spring, of Cleveland, well known in military circles throughout the East, is shown here with Mrs. Spring as they sailed for Shanghai on the S. S. Empress of Japan, Saturday. Major Spring, who was accompanied by M. A. Muskopf, of Cleveland and Baltimore, chemical engineer, has been commissioned to arrange construction, near Shanghai, of an acid and chemical plant, which will be one of the largest of its kind in the world. Observers who see trouble in the Far East, profess to see in this plant a source of poison gas and explosives for China, but Major Spring declared the plant is intended wholly for commercial purposes.

## APPOINTED TO NEW POSITION

Capt. Thomas Rippon Will Be Marine Superintendent of Coast Service

VANCOUVER, March 13.—Captain Thomas Rippon, at present in command of S. S. Princess Charlotte on the Seattle-Vancouver-Victoria triangle run, has been appointed marine superintendent of the Canadian Pacific Coast service, succeeding Captain R. W. McMurray, who goes to Victoria, April 1, to become manager of the service in place of Captain C. D. Neill, who is retiring.

Captain Rippon will take up his new post in Vancouver on April 1, it was learned at local headquarters of the B.C. Coast Service today.

**JOINED SERVICE IN 1903**  
Coming as a coastal pilot and captain since June, 1916, when he won his first command, Captain Rippon, who was born in Nottingham, England, June 30, 1883, joined the Canadian Pacific Coast service in 1903, as quartermaster, and on April 22, 1907, was appointed an officer.

While most of his later experience has been on the Vancouver-Victoria-Seattle triangle run, where he has been remarkably successful and efficient, he is also familiar with other local runs of his company's far-flung coastal service. For a time he was in command of steamers on the Ocean Falls-Prince Rupert route and in his earlier days was on the Vancouver-Nanaimo run on the old Joan.

**WITHOUT AN ACCIDENT**  
Successful in bringing his command, especially the ships of the triangle run, into port for so many years without an accident of any description, Captain Rippon has contributed in no small measure to the efficiency of the organization in which he now assumes a highly important position.

Of recent years he has been a well-known figure on the bridge of the S. S. Princess Kathleen and S. S. Princess Margaret, as these speedy trim sister ships went their way daily up and down the coast between Vancouver, Victoria and Seattle.

## EXTEND CUNARD CRUISE CALLS

Passengers Will Be Able to Participate in Colorful Night Life

MONTREAL, March 13.—In announcing a series of twenty Spring and Summer cruises from London and Liverpool, the Cunard Line adds a new development—overnight stays in the most popular or festive ports. The idea of prolonging the call is to enable passengers to attend places of entertainment open only at night. Experience gained during the past two years proves that passengers, after spending the day in shore excursions, like to visit a theatre or attend some festive taking place in the evening.

These shore cruises will be made by the Samaria and Lancastria. The first will leave Liverpool on March 29, calling among other ports, at Lisbon and Vigo. As an illustration of how the new scheme will work out, the ship will remain at Lisbon for twenty hours, instead of the usual eight, and at Vigo for fifteen hours, instead of the usual ten. Similar holdovers will be included at all festive ports.

**FROM LIVERPOOL**  
The cruises will range from six to seventeen days and the rates will begin at nine guineas. The Lancastria will sail from Liverpool, and the Samaria from London. During July three additional cruises will be made to the Norwegian fjords, while two others will visit the principal northern capitals. Transatlantic connections with any of these cruises may be booked through any of the Canadian offices of the Cunard Line.

**OWNERS OF SHIPS**  
In Sweden Desire Some Assistance  
In view of the growth of subsidies to shipping in certain foreign countries, and particularly in view of the discussion of the subject proceeding in Great Britain, the Swedish Shipowners' Association has asked the Swedish Government to set up a committee to consider what measures should be taken by Sweden to meet the dangers which may result from foreign subsidy policies.

In a communication just forwarded to the Government, states the Göteborg Handels och Sjöfartstidning, the association states that the serious position of the Swedish shipping industry has been brought to the notice of the Government on many occasions; unless a change for the better takes place soon, the merchant fleet will be decimated as a result of compulsory sales.

The increasing keenness of international competition in shipping is mainly due to the measures of various kinds taken by the governments of the different countries to maintain and extend their shipping.

Nothing phony about that radio humor. It's genuine pre-war stuff.

## West Coast Mails

## Mysterious Brown Steamer Figures In Damage Action

SAN FRANCISCO, March 13 (AP).—A mysterious brown freighter which loomed out of the fog just before the U.S.S. Chicago and the British tanker Silver Palm collided off Point Arguello last October 24, was described by the Government's first witness as a libel trial opened before Federal Judge Harold Louderback here today.

The Government is seeking \$350,000 damages from the Silver Palm, operators of the tanker, while the shipping firm asks \$150,000 for damages to the Silver Palm.

**TOUR OF JAPAN IS ANNOUNCED**  
Personally Escorted Party Being Organized by Local Traveler This Summer

Percy Fletcher, of Victoria, announces an escorted tour of Japan, which will occupy six weeks, for the coming summer. Mr. Fletcher proposes to leave Victoria for Vancouver, where a ship of the Japan Mail Line, probably the motorship Hiye Maru, will be taken on Saturday, June 30, bound for Yokohama. After spending two days in Yokohama, the ship will proceed to Kobe and Osaka, Kyoto, Nara, Yamada, Nagoya, Miyazaki, Tokyo and Nikko. In the latter city, the party

# MARGARET JENKINS WINS COLONIST CUP RUGBY

## Province Takes Big Lead Over Adverts in Women's Senior 'B' Hoop Play-Offs

### Mainland Champs Whip Victorians By 29 to 15 Score

Province to Take Fourteen-Point Lead Into Second Game Tonight at High School Gymnasium—Dealt Whip Duncan Intermediates, 61-48

Vancouver Province fair sex basketballers took a commanding lead in the first of a two-game series for the British Columbia women's senior "B" coast championship last night at the high school gymnasium by turning back the Adverts, city and Vancouver Island titleholders, 29-15. In the preliminary, Dealtis went into the island intermediate "B" final by defeating Duncan 28-14, to win the two-game series by a 61-48 count, the Up-Island game last week ending in their favor by a 33-24 score.

Tonight on the same court Province girls and Adverts will meet in the second fixture of the series, and the winners will journey to Kamloops to enter the final of the provincial play-off, and the survivors will head for Edmonton to clash with the famous Orads in the Western Canada series. Chinese Students and the Regents will appear in the preliminary tussle at 8 o'clock.

**FAKE EARLY LEAD**  
Racing down the side court in the early minutes of play, Betty Passerini, star centre player for the visitors, scored the first basket with a beautiful long shot. Less than ten seconds after the next up-off, the same player increased Vancouver's lead with a free-throw shot. Mary Peden missed two attempts in succession and then Gert Taylor fouled Betty Passerini while in the act of shooting and scored one of two shots. Freda Iden went through for a score and then Mary Peden added two free shots for Victoria's first points.

Lucille Spark added a fine basket from a pass by Betty Boyce, and Mary Peden followed it with a four shot. The Adverts broke fast and Lucille Spark scored under the hoop to give the locals the lead for the first time, 17-7. The second period opened with Freda Iden going through for a score, followed by a foul shot by Betty Passerini. Kay Annan tossed through another

basket and Lucille Spark dribbled through to score from close in. From the tip-off Freda Iden got into position to lose in a long shot, and Betty Passerini took J. Smethurst's pass to make it 16-10 at the interval.

Close checking featured the third quarter, only two foul shots being converted during the eight minutes of play, both going to Victoria to make it 16-12 at the period's finish. Three minutes after the last canto got under way the Province started to cut loose and scored thirteen points without a return, to increase their lead to 29-14. Mary Peden scored the last point of the game on an awarded shot just before the gun.

**DEALTS WIN**  
Gaining a 10-4 lead in the first half, Dealtis held a fine lead over Duncan in the intermediate final. The locals played good ball and were never in danger of defeat all the way. During the last half, Duncan tried hard to overcome their opponents' lead, but the local quintette came right back and won the game to finish well in front on the series. "Porky" Andrews headed the local scoring brigade with eight points, while Coates and Sharp tallied seven each. When topped the visitors with thirteen points.

Tommy Macdonald, J. Fitcher, of Duncan, and McIntyre, of Vancouver, handled the games, and teams follow:  
Vancouver Province—G. Munton (2), H. Little, D. Ralston (1), P. Andrews, H. Reeves, K. Annan (4), H. Smethurst, M. Code (6), B. Passerini (10), F. Iden (4), J. Jack.  
Adverts—G. Taylor (1), A. Lalonde, B. Boyce, K. Freestone, B. Peden (2), M. Peden (6), L. Spark (6), D. Martin.  
Duncan—Smith, Strougar (3), Mottishaw (2), Bennington, Kyle, Brown, Tall, Pitt (6), Whan (13), period opened with Freda Iden going through for a score, followed by a foul shot by Betty Passerini. Kay Annan tossed through another

### Sorley Boy Wins Shrewsbury Chase By Three Lengths

WOLVERHAMPTON, England, March 13 (CP).—P. Ambrose, Clark's Sorley Boy, one of the leading candidates for the Grand National at Aintree, March 23, today won the Shrewsbury Handicap chase over three miles by three lengths from W. Parsonage's Forbra, Grand National winner in 1932.

### PRIMO, BAER BOU LOOMING IN SEPTEMBER

Heavyweight Championship Battle Expected to Be Arranged Shortly

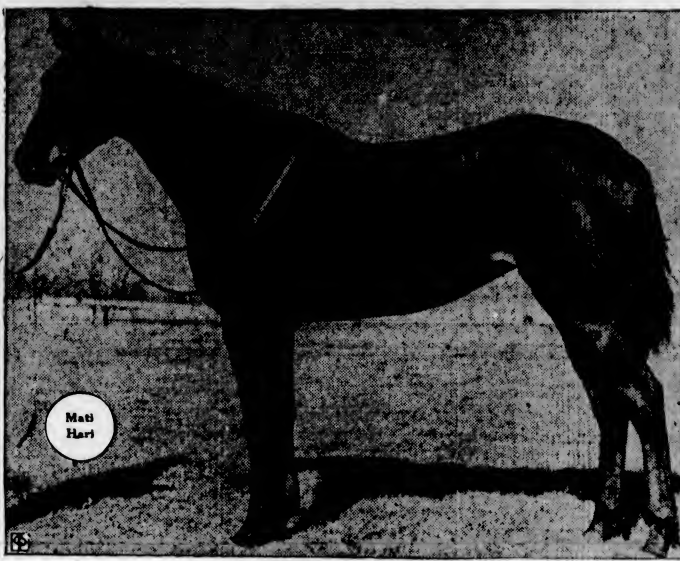

By Edward J. Neil  
(Associated Press Staff Writer)  
NEW YORK, March 13 (AP).—The status of the prize fight everyone wants—a heavyweight title match between Primo Carnera and Max Baer—today was pretty much that of a pneumonia patient after three days in hospital. The crisis was approaching rapidly. "There has been no change in the condition of the patient," said Col. John Reed Kilpatrick, president of Madison Square Garden, carrying out the illusion. "The situation is satisfactory and we are waiting for something to happen."

Anell Hoffman, manager of Baer, and Louis Sorel, pilot of Carnera, went into more secret huddles with Jimmy Johnston, in charge of boxing at the Garden, with no more results than were achieved yesterday, when it was prematurely reported the match had been signed for next September.

**TO GET BIGGER PERCENTAGE**  
If he bagged the two major difficulties in the way of the match have been smoothed away, Baer will receive more than the challenger's usual share of the gate receipts, 12½ per cent, and from this he will reimburse Jack Dempsey, his patron, Dempsey lifting Baer into the limelight by staged the Schmeling bout, last June. The Garden, however, has refused to accept him as a partner in the present business.

**BAYS TO PRACTISE**  
J.B.A.A. senior rugbys will hold a work-out at Royal Athletic Park tonight at 7 o'clock. All players are asked to attend.

### Champion Filly Is Kentucky Favorite

### Garrison Will Face J.B.A.A. Fifteen in Cowichan Cup Semi

Work Point Rugbys and Oarsmen Will Clash Saturday in Only Fixture on Card—H. J. Ketchen Gives Report of B.C. Team's California Tour

With the winning fifteen earning the right to battle the undefeated 5th Brigade seniors for possession of the trophy, a great struggle should take place, Saturday afternoon, when the unbeaten Garrison rugbys, champions of the senior "B" division, march on the field to meet the senior J.B.A.A. aggregation. Although the scene of the game is still unsettled, officials at yesterday's meeting of the Victoria Rugby Union stated that efforts will be made to get the use of the Victoria High School grounds. The match was originally billed for the Royal Athletic Park, but owing to the hard surface of the field, it will take place elsewhere. The kick-off will be at 3 o'clock, and a big crowd is expected.

Two weeks ago the Oarsmen fell before the heavy Work Point Baracks squad in an exhibition match by a 3-0 score, so the Bays will be out for revenge. With the return of the British Columbia team from the California tour, Coach Bob McInnes will have the services of Pete Turgoose, smart three-quarter, and Chris Usher, a hard-working forward. The Tummies will have their usual fifteen on hand with hopes of victory.

**GIVES REPORT**  
H. J. Ketchen, secretary of the British Columbia Union, and who managed the British Columbia All-Star team during the Southern invasion, gave a brief report of the games in California at the meeting. He stated the players had been royally treated wherever they went and had great praise for the way the American officials looked after them. Ketchen said a financial statement will be sent to the provincial union as soon as the officials have it ready.

The first game against Stanford University was a lucky win for British Columbia, the manager said. "We were lucky to win, as Stanford has a great team. Their speed and tackling was nearly perfect and, with good training, I don't mind saying that they could have one of the finest teams in the world. The grounds in California are first class, the best Rugby field I have seen anywhere. The stands hold 93,000, but only about 600 watched our fixture, a handful in such a big stadium. The referee was not so good; he missed numerous offences and other infractions of the rules," continued Mr. Ketchen.

The British Columbia team was badly smashed up by the hard-tackling Americans. About ten of the fifteen players were injured during the tour. Yards of bandages were necessary before the boys could take the field in some of the games. They were battered and bruised from head to foot. Paul Rowe was hurt in the first workout and again in the first game, which necessitated his being taken out for the remainder of the tour. The University of San Francisco game was stolen from us by the referee. He let everything go, and disallowed two beautiful tries, one by Dyer in the first half, and another by King just before the whistle.

**FRASERS PLAYERS**  
Talking about the players, Ketchen said the boys played well and behaved in fine style. Fraser, Rose, Turgoose, McDonald and Yoshi Ono were brilliant all the time. Speaking of Roxburgh, the manager said the British Columbia captain played his best in the first game, but after that he was far off color. All the forwards played well, considering the heavy punishment they took during the invasion, the manager stated.

**BADMINTON SCHEDULE**

Games scheduled for this week in the Lower Island Badminton League follow:

**Wednesday**  
Division III—Garrison vs. Hillcrest (postponed from February 24).  
**Saturday**  
Division II—Duncan (3) vs. North Saanich; Victoria (2) vs. Duncan (2).  
Final of Junior Series for the Anconet Trophy—Willows vs. Duncan, at 1 o'clock.  
**Monday**  
Division II—Willows vs. Victoria (4).

### Defeat Oaklands 8 to 0 in Play-Off For School Title

Margaret Jenkins Gains Possession of Prized Piece of Silverware for First Time—Wilson, Bishop and Alex Merriman Score Tries—Big Crowd Attends Game

Displaying a keen knowledge of the game, Margaret Jenkins won the prized Colanist Cup, emblematic of the city senior schools' Rugby championship yesterday afternoon by defeating Oaklands 8 to 0 in a play-off at the Victoria High School grounds. About 1,500, including a large number of students, watched the game under ideal weather and ground conditions. It was the first victory of Margaret Jenkins in the series, Boys' Central having held the cup for the past nine years and George Jay for one year.

Immediately following the game Charles Swayne, editor of The Colonist, presented the handsome piece of silverware to Captain Wilson Bishop, of Margaret Jenkins. In making the presentation on behalf of The Colonist, Mr. Swayne spoke briefly to the boys. He congratulated the winners on their splendid victory and wished them continued success on the Rugby field. He had a word of praise for the game fight put up by Oaklands and told his youthful listeners that English Rugby was a great game for building up the mind and body, and that when these sound qualities were developed in youth, they generally were evident when manhood was reached. He reminded the boys to always play the game, both on and off the field, and stressed the importance of good, clean, outdoor athletics as a character builder.

**VICTORY DESERVED**

On the play Margaret Jenkins deserved the victory. They had a smoother back division than Oaklands and their forwards were smarter in the scrums and loose. Oaklands had a bad break when it was learned that young Anderson, star three-quarter, would not be available. This made a couple of switches necessary and the team did not seem to function in its usual smooth way.

Yesterday's game brought together the two mentors of the Victoria Rep Rugby team, Manager Bob McInnes of Oaklands, and Coach Ernest Butlerworth of Margaret Jenkins. These two have been great rivals in school Rugby for many years, with Mr. Butlerworth being several up to date. However, Mr. McInnes always figures there will be another year, and next season he warns the other contenders to "look out."

After Oaklands had kicked off, Margaret Jenkins returned the ball well down the field and Ray Butt made a fine solo dash to gain Oaklands' twenty-five-yard line. Play was confined between here and centre for several minutes, and then Lloyd Simpson, of Margaret Jenkins, "Primo Carnera," doing some fine defensive work, Margaret Jenkins' three broke away on a fine run and looked dangerous, but the final pass to Butt was wild and the run halted just inside Oaks' twenty-five line.

**MISSILES FIELD GOAL**

Oaklands gradually took the ball back to centre and Simpson made a kick and follow-up play. Margaret Jenkins boys were ruled off-side and for the first time Oaklands gained the new championship twenty-five line. From here Simpson tried a field goal, but the ball sailed wide, immediately after Wilson Bishop broke away on a fine solo dash and about thirty-five yards before Bowles, Oaklands' fullback, brought him to earth a few yards from the line. Simpson relieved with a long kick to touch and Painter put play back centre with another good kick. Oaks' three got going again and Simpson tried another field goal, but the ball was short of the mark. Play was centred as the half whistle sounded.

Oaklands opened up a strong attack at the start of the second half and only a smart piece of work by Tom Leason, who picked the ball from the toes of several Oaklands' forwards, and found touch well up the field, prevented a score.

From here Margaret Jenkins got the ball at their feet and headed by Wilson Bishop went over for a try. From centre Bishop started the play and Tom Leason, Butt and Bishop figured in a splendid dribble which resulted in the latter falling on the ball over the line near the corner. He converted his own try with a

sensational kick from a very difficult angle.

**THE FINAL TRY**

Then Oaklands started a determined attack and Simpson, who was marked man the whole game, was blocked twice on Margaret Jenkins' twenty-five. Play shifted back and forth at frequent intervals, with Oaklands having a slight edge on the play. Tom Leason made a good run on the blind side of the scrum and gained Margaret Jenkins' twenty-five. From here the final try came from a fine three-quarter run which included Coaster to Fred Leason to Tom Leason to Bishop and finally to Alex Merriman, who scored near the corner of the field. Bishop's kick failed. The final whistle found Oaklands deep in Margaret Jenkins' territory.

Wally Bulpie refereed and the teams were:

Margaret Jenkins—W. Roe, T. Leason, F. Leason, W. Bishop, R. Butt, A. Merriman, R. Coaster, R. Wilson, C. Dunaway, G. Stubbs, D. Bonner, B. Green, B. Wright.  
Oaklands—W. Bowles, N. Bentley, L. Simpson, L. Painter, D. Blacklock, W. Farmer, F. Billings, G. Stranks, G. Kennedy, V. Nell, R. Darley, E. Bray, T. Smith.

### ERIC LENEY AND MISS NORIE WIN

Capture Handicap Badminton at Duncan Club—King and Thorpe Take Doubles

DUNCAN, March 13.—Duncan Badminton Club's annual handicap tournament was completed Saturday. The entry lists this year were particularly large, necessitating playing each event in two sections. The scores in last week's play follow:

**Women's Singles**

Miss Blythe beat Miss F. Staples, 11-8, 11-5.  
Miss D. Owen beat Miss Longbourne, 11-6, 6-11, 11-6.

**Final**

Miss U. Norie (scratch) beat Miss Owen (plus 6), 11-9, 4-11, 11-9.

**Men's Singles, Rice Cup**

Leney beat Drom, 15-12, 14-15, 15-8.  
Mustard beat Parker, 15-9, 15-14.  
Garrison beat Thompson, 15-10, 14-15, 15-11.

**Final**

Leney beat Mustard, 15-14, 15-14.  
G. Appleby beat Garrison, 9-15, 15-14, 15-6.

**Final**

Leney (minus 6) beat Appleby (plus 8 and 2 hands), 2-15, 15-11, 15-11.

**Women's Doubles**

Misses Blythe and Norie beat Misses Price and Longbourne, 15-9, 15-12, 15-12.

**Misses Tidball and Smith beat Misses I. Castley and A. Staples, 15-13, 15-6, 15-1.**

**Final**

Misses Blythe and Norie (minus 4-2) beat Mrs. Christmas and Miss Castley (plus 10), 15-10, 15-13.

**Men's Doubles**

Parker and Mustard beat Robertson and Prevost, 9-15, 15-8, 15-10.  
R. Robertson and Combe beat Drom and Howe, 14-15, 15-14, 15-10.

**Final—Men's Doubles**

King and Thorpe (plus 10) beat Parker and Mustard (minus 6 1-2), 15-12, 15-11.

**Miss Doubles—Rice Cup**

Combe and Miss Norie beat Prevost and Miss A. Staples, 15-7, 15-8.  
Leney and Miss F. Staples beat Howe and Miss Fraser, 15-14, 15-14.

**King and Thorpe (plus 10) beat Parker and Mustard (minus 6 1-2), 15-12, 15-11.**

**Leney and Miss Staples beat Combe and Miss Norie, 15-14, 15-14.**

**Thompson and Miss Owen beat Thorpe and Mrs. Rice, 15-9, 15-17.**

**Final**

Thompson and Miss Owen (plus 6) beat Leney and Miss Staples (minus 6 1-2), 15-13, 14-15, 15-13.

**Young Puckchaser Proves Sensation as The Season Closes**

PORT ARTHUR, Ont., March 13 (CP).—A new puck-propelling midget, named "The Puckchaser," was introduced today and wrote scoring figures to shame the veterans.

Ten-year-old Frankie Parker, slim MacDonald Cartier goal-keeper de luxe, packed away his skates for the season with a scoring record of 101 goals for fifteen games.

The elusive left-winger, only fourteen years of age, passed the century mark Monday night in the final game that decided the Thunder Bay Bantam League title when MacDonald Cartier defeated Port William Monarchs, 4-0. Frankie scored two of the goals.

Possessor of an amazing shot repertoire plus uncanny judgment, he has averaged a little better than six goals for each game played. He is planning to enter junior ranks next season.

### PIN SQUADS TO MEET FOR LOOP HONORS

Maple Leafs to Roll-Off With Colonist Compos Tomorrow for Title

Maple Leafs and Colonist Compos, winners of the first and second-half campaigns, respectively, in the Arcade Pivpin Bowling League, will roll off for the championship, tomorrow night, at 8 o'clock, at the Arcade Alleya. Secretary Dave Clarke announced, yesterday. Two strong teams will take the alleys and some great maple-splashing should result before the champions are named.

H. Campion, with an average of 218.8 for seventy-five games, carried off the individual honors for the season. He barely squeaked through, just nosing out A. Benn by a fraction of a point. The latter rolled the same number of games for an average of 218.2. Holding down third place was Bill Norrie, with 213.5, while Jim Huxtable was next with 212.7. G. Andrews was next and Dave Clarke finished in sixth place. Averages follow:

| Player        | Games | Avg.  |
|---------------|-------|-------|
| H. Campion    | 75    | 218.8 |
| A. Benn       | 75    | 218.2 |
| W. Norrie     | 75    | 218.2 |
| J. Huxtable   | 75    | 213.5 |
| G. Andrews    | 75    | 212.7 |
| D. Clarke     | 75    | 212.7 |
| W. Yeshill    | 75    | 209.5 |
| C. Chislett   | 75    | 208.3 |
| J. Hough      | 75    | 208.1 |
| A. Thorold    | 75    | 203.1 |
| A. Anderson   | 75    | 191.1 |
| W. Dunn       | 75    | 190.1 |
| E. Berde      | 75    | 188.4 |
| R. Moulton    | 75    | 187.6 |
| R. Burns      | 75    | 186.9 |
| S. Faine      | 75    | 184.8 |
| A. Martin     | 75    | 180.9 |
| G. Harrison   | 75    | 180.1 |
| E. Walsh, Jr. | 75    | 180.1 |
| L. Freer      | 75    | 180.1 |
| H. MacCallum  | 75    | 180.1 |
| H. Buckle     | 75    | 180.1 |
| A. Bell       | 75    | 180.1 |
| V. Roxborough | 75    | 180.1 |
| D. Fairfull   | 75    | 180.1 |
| B. McKelvie   | 75    | 180.1 |
| G. Pua        | 75    | 180.1 |
| B. Tobin      | 75    | 180.1 |
| H. Thudwell   | 75    | 180.1 |
| G. H. Stewart | 75    | 180.1 |
| J. Stewart    | 75    | 180.1 |
| N. Van Daele  | 75    | 180.1 |
| H. Jefferson  | 75    | 180.1 |

High Average: H. Campion, 218.8

High Three Games: H. Campion, 218.8

Winners, First Half—Maple Leafs

Champion, Second Half—Colonist Compos

Playoff, Thursday, March 15, 8 p.m.

**CHINOOK CLUB WILL HOLD ORGANIZATION MEETING TOMORROW**

Formation of the Chinook Club for the betterment of the Victoria-Saanich Inlet Anglers' Association is scheduled to take place on Thursday, at 8 p.m., in the Chamber of Commerce, Arcade Building. All members are urged to attend, as the following business is to be taken up: Adoption of by-laws, election of officers, general business and plans for the coming season.

### BELIEVE IT OR NOT

A BATTERED OLD COW BELL IS THE WINNER'S TROPHY OF THE NATIONAL MOTORCYCLE ENDURANCE RUN

THERE IS A STAR IN EVERY APPLE

STANLEY KING

PRESIDENT OF AMHERST COLLEGE

WAS BORN ON THE 11<sup>TH</sup> DAY OF MAY, 1883.

HIS NAME CONTAINS 11 LETTERS.

HE IS THE 11<sup>TH</sup> PRESIDENT OF AMHERST.

HE WAS INAUGURATED ON THE 11<sup>TH</sup> DAY OF THE 11<sup>TH</sup> MONTH IN THE 11<sup>TH</sup> COLLEGE YEAR.

AND BEGAN HIS INAUGURAL ADDRESS AT 11 A.M.

EXPLANATION FOR YESTERDAY'S RIPLEY CARTOON

Paint Brush Word and Tear—Though it seems that the mere application of paint with a brush would not appreciably wear the brushes, there is sufficient grit and powdered materials in ordinary paint to wear rapidly. Varnish does not contain any fine, gritty substance, and consequently the life of a varnish brush is a hundred-fold greater than that of a paint brush.

Overcoats Mail Carriers—Few postal mail carriers in all the United States ever wear heavy, long overcoats, though they faithfully continue to perform their duty of delivering mail in all kinds of weather.

Atop the portals of the giant New York Postoffice appears the motto: "Neither snow, nor rain, nor heat, nor gloom of night stays couriers from their appointed rounds"—and though New York City has experienced an all-time record winter for sub-zero temperatures and snowfall these winter-weight uniforms, and protect themselves on zero cold days by sweaters or heavier garments under their regulation suits. Heavy capes or overcoats would greatly handicap the swift performance of their duties.

# HOSE WINS WITHOUT HAVING WINNING WAGER LAID

## Old Kickapoo Takes Fifth at Caliente But Is Overlooked

Ten-Year-Old Runnymede Gelding Makes Turf History at Mexican Track—Six Place Ticket Holders Receive \$230.40 Each—Flyfast Finishes Second

AGUA CALIENTE, Mexico, March 13 (AP).—Old Kickapoo, ten-year-old Runnymede gelding from the stable of C. Lennox, won the fifth race at the Agua Caliente Jockey Club track, this afternoon. The veteran sprinter, once owned by the Canyon Stable of John Coburn and Jack Dempsey, in this day was a big favorite at any distance up to six furlongs. But this afternoon not even his owner thought he could beat a band of sprinters, entered for \$500, in a claiming race going five and one-half furlongs. But down in front he came.

Not a mutual ticket was sold on the horse's chances to win, so the winning pool was added to that of the spoils divided between the holders of place tickets on Old Kickapoo and those who bet on Flyfast, second choice in the field. The result was a place ticket of \$230.40 on Old Kickapoo, and of \$7 to place on Flyfast, when the latter would have paid only \$7.20 to win.

Another overlooked. And to make the race even more odd, not a winning ticket was sold on Patricia Grey, which raced for J. Brannon, and finished sixth. About half a dozen tickets were sold on Old Kickapoo to place, Dave Hendricks, in charge of the mutual department of the Agua Caliente Jockey Club, reported.

Veteran mutual department employees declared it was the first time in their history that no winning tickets had been sold on a horse which came down in front. And two horses that never in the history of the North American turf had two horses in the same race been entirely overlooked by bettors, Old Kickapoo won by a length from Flyfast, with getting up for the show. The winner ran the five and one-half furlong race in 1:07. Show tickets on Old Kickapoo were redeemed for \$7.20.

Oddy, Old Kickapoo was sold in a paddock auction sale, Sunday, and hereafter will run in the interests of his new owner, J. Nazworthy. Results follow:

First Race—Four furlongs. Gladys (Pallard) 12.50 to 2.30 12.50. Time (McLaren) 1:07. 13.40 4.80. Second Race—Five and one-half furlongs. Vera Croft (Horn) 12.50 to 2.30 12.50. Time (McLaren) 1:10. 13.40 4.80.

Third Race—Six furlongs. Dan, Seaford, Crystal Beauty, Jack D. Second Race—Five and one-half furlongs. Vera Croft (Horn) 12.50 to 2.30 12.50. Time (McLaren) 1:10. 13.40 4.80.

Fourth Race—Five and one-half furlongs. Vera Croft (Horn) 12.50 to 2.30 12.50. Time (McLaren) 1:10. 13.40 4.80.

Fifth Race—Five and one-half furlongs. Vera Croft (Horn) 12.50 to 2.30 12.50. Time (McLaren) 1:10. 13.40 4.80.

Sixth Race—Five and one-half furlongs. Vera Croft (Horn) 12.50 to 2.30 12.50. Time (McLaren) 1:10. 13.40 4.80.

Seventh Race—Five and one-half furlongs. Vera Croft (Horn) 12.50 to 2.30 12.50. Time (McLaren) 1:10. 13.40 4.80.

Eighth Race—Five and one-half furlongs. Vera Croft (Horn) 12.50 to 2.30 12.50. Time (McLaren) 1:10. 13.40 4.80.

Ninth Race—Five and one-half furlongs. Vera Croft (Horn) 12.50 to 2.30 12.50. Time (McLaren) 1:10. 13.40 4.80.

Tenth Race—Five and one-half furlongs. Vera Croft (Horn) 12.50 to 2.30 12.50. Time (McLaren) 1:10. 13.40 4.80.

Eleventh Race—Five and one-half furlongs. Vera Croft (Horn) 12.50 to 2.30 12.50. Time (McLaren) 1:10. 13.40 4.80.

Twelfth Race—Five and one-half furlongs. Vera Croft (Horn) 12.50 to 2.30 12.50. Time (McLaren) 1:10. 13.40 4.80.

Thirteenth Race—Five and one-half furlongs. Vera Croft (Horn) 12.50 to 2.30 12.50. Time (McLaren) 1:10. 13.40 4.80.

Fourteenth Race—Five and one-half furlongs. Vera Croft (Horn) 12.50 to 2.30 12.50. Time (McLaren) 1:10. 13.40 4.80.

Fifteenth Race—Five and one-half furlongs. Vera Croft (Horn) 12.50 to 2.30 12.50. Time (McLaren) 1:10. 13.40 4.80.

Sixteenth Race—Five and one-half furlongs. Vera Croft (Horn) 12.50 to 2.30 12.50. Time (McLaren) 1:10. 13.40 4.80.

Seventeenth Race—Five and one-half furlongs. Vera Croft (Horn) 12.50 to 2.30 12.50. Time (McLaren) 1:10. 13.40 4.80.

Eighteenth Race—Five and one-half furlongs. Vera Croft (Horn) 12.50 to 2.30 12.50. Time (McLaren) 1:10. 13.40 4.80.

## B.C. Rugbiers in South

ENGLISH Rugby is returning to popularity on the Pacific Coast of the United States and British Columbia. All Stars returned Monday after a tour in California. The British Columbia boys split even in the four exhibitions, winning two and losing two. The above picture shows the British Columbia team working out for their first game against Stanford University. Dan Dowell, Victoria, is shown reaching for a high throw from a line-out. Many American football coaches who watched the games in the South, said that in a few years, instead of a scant 1,000 or 2,000 attending, stadiums would be packed to the limit.

## TOMORROW'S DRAW

Tomorrow's draw follows:

7:15 P.M. Men's Doubles. Pearson and Hemming vs. Colvin and Bennett.

Mixed Doubles. Mrs. D. McMillan and J. McMillan vs. Mrs. Sherrell and Cockerill.

9 P.M. Singles. Mrs. Kirchin vs. Mrs. Masfen.

10 P.M. Ladies' Doubles. Mrs. Stewart and Mrs. Acreman vs. Mrs. Masfen and Mrs. Acreman.

11 P.M. Mixed Doubles. Mrs. Pomeroy and Lambie vs. Mrs. Edwards and Cull 19.

12 P.M. Men's Doubles. Mrs. Stewart and Mrs. Acreman vs. Mrs. Masfen and Mrs. Acreman.

1 P.M. Ladies' Doubles. Mrs. Stewart and Mrs. Acreman vs. Mrs. Masfen and Mrs. Acreman.

2 P.M. Mixed Doubles. Mrs. Pomeroy and Lambie vs. Mrs. Edwards and Cull 19.

3 P.M. Men's Doubles. Mrs. Stewart and Mrs. Acreman vs. Mrs. Masfen and Mrs. Acreman.

4 P.M. Ladies' Doubles. Mrs. Stewart and Mrs. Acreman vs. Mrs. Masfen and Mrs. Acreman.

5 P.M. Mixed Doubles. Mrs. Pomeroy and Lambie vs. Mrs. Edwards and Cull 19.

6 P.M. Men's Doubles. Mrs. Stewart and Mrs. Acreman vs. Mrs. Masfen and Mrs. Acreman.

## KIMBERLEY READY FOR NEXT GAME

B.C. Champions and Luscar Will Meet Again Tonight—Expect Good Ice

CALGARY, March 13 (CP).—Kimberley Dynamiters are resting easily today with a three-goal margin in their total goals series against Luscar Indians. Dynamiters upset the hope in British Columbia by ousting Trail Smoke Eaters, the Coast Province's perennial champions to take that entry in the Allan Cup race, while Luscar surprised Alberta fans by winning this province's title.

Art Mackie, a veteran, recalled to take the place of one of Kimberley's regulars, who was banned by the residential rule, will be out again tomorrow night on the look-out for rebounds. Last night he scored a three counter, two from direct rebounds, and the third when he picked up a loose puck that had bounced back off Dave Pow, through a scramble of players.

BETTER ICE. Both players and fans expect a better sheet of ice tomorrow night. A sharp wind last night sent the thermometer down to a low of 18 degrees, and it was chilly today.

Rough ice spoiled passing in the first game, but hopes are for a smooth surface for the deciding tilt.

PLAY WITHIN TWENTY YARDS. The makers of golfing law give no consideration of green committees or greenkeepers who, to save certain sections of their greens from overwork, are constantly moving the cup here and there about the putting surface. They state, in Definition 10: "Putting Green is all ground, except hazards, within twenty yards of the hole being played."

Note that there is no question as to whether or not the putting surface, carefully tended and weeded and out and rolled to the level of a billiard table, extends for twenty yards in any one direction. It frequently may extend not more than one or two yards in a certain direction from the cup. Then in that

case, the "putting green" extends for another eighteen or nineteen yards in that direction, and the putting rules must be obeyed or penalties incurred. Because of the temporary position of the cup, moved to the edge to save the green, the longer grass at the apron, the sides or back may be within the twenty-yard radius, which includes all ground, except hazards, within that distance.

Rule 28, which covers play within twenty yards of the cup, deals first of all with the removal of loose impediments. Even before the present amendments concerning impediments became effective, it was permissible to remove any impediment from the putting green regardless of the position of either ball. A player could, if he wished, under that rule, walk forward 100 or 150 yards to remove an impediment from the putting green and then retrace his steps to lay his ball down.

However, if his ball, when on the putting green, moves after any loose impediment lying within six inches of it has been touched by himself, his partner or either of their caddies, the player is deemed to have

caused it to move and he thereby incurs a penalty of one stroke.

In moving any loose impediment with the club, it must not be laid with more than its own weight upon the ground, nor must anything be pressed down either with the club or in any other way.

The safe way is to remove the impediment by hand where it is possible to do so, or if an impediment is removed with a club, to let the club only touch the surface of the green lightly and brush the object aside and not in the direction of the line of putt.

The line of putt must not be touched except that the player is permitted to place his club directly in front of the ball in addressing it, which must be included here. The player's ball must always be held out or, in match play, the hole must be given up. In medal play, if the player or his caddy pick up his ball before it is holed out he may replace his ball and hole out under penalty of two strokes. The ball must be replaced before he strikes off from the next tee, or, in the case of the last hole of the round, before he leaves the putting green.

Next: "Dropping and Placing."

Two mid-week soccer fixtures will be seen this afternoon on the local pitches, the third scheduled match, between James Bay Liberals and Spencer's having been defaulted by the former eleven, due to sickness in their camp. Garrison, second place squad, will battle Hudson's Bay at lower Beacon Hill, and the Macabees will take on the Navy at Heywood Avenue. Johnson will handle the game at the Hill, and Woodley will be in charge at Heywood Avenue. Both fixtures will start at 2:45.

Hudson's Bay has switched their line-up, with hopes of sending the Work Point lads down to defeat. Tubby Stevens, stellar centre half, has been sent up to the front line, and Oakman will perform in his place on the intermediate rank. Collier, who usually plays left wing, will be at left half. With the Bay working right they should give the Tommies a merry fight at the points. If the Garrison squad comes through they will still be one point behind Spencer's.

GOOD GAME EXPECTED. Macabees and the Navy are expected to put up a good exhibition at Heywood grounds. The teams are well matched and it should be anybody's game to the finish. The sailors left before Spencer's last week, while the Macabees won from the Bay.

Line-ups follow: Macabees—Wilmhurst, Clarke, Bridges, W. Graves, Fieldhouse, Hill, Woolcock, Roberts, T. Graves, Spiller, Newell, Richards, Gelling, and J. Roberts.

Hudson's Bay—Baxter, O'Connell, Wyatt, Morgan, Oakman, Collier, Fish, Ward, Johnson, Stevens, Bentley, Scott, and Menzies.

James Bay Liberals—Baxter, O'Connell, Wyatt, Morgan, Oakman, Collier, Fish, Ward, Johnson, Stevens, Bentley, Scott, and Menzies.

Spencer's—Baxter, O'Connell, Wyatt, Morgan, Oakman, Collier, Fish, Ward, Johnson, Stevens, Bentley, Scott, and Menzies.

Work Point—Baxter, O'Connell, Wyatt, Morgan, Oakman, Collier, Fish, Ward, Johnson, Stevens, Bentley, Scott, and Menzies.

## Montreal Maroons Whip Black Hawks To Take 2nd Place

Roughest Game of Season Won by Maroons, 5-2—Rangers Nose Out Americans, 2-1—Boston Bruins Score 2-1 Victory Over Senators

MONTREAL, March 13 (CP).—In one of the roughest games of the season on Montreal ice, with fifty-four minutes in penalties being handed out by the referee, including four majors, Montreal Maroons, tonight, gave Chicago Black Hawks a 5-2 beating to move into a second-place tie with Montreal Canadiens in the Canadian section of the National Hockey League.

Baldy Northcott and Hooty Smith were the individual stars of the game, each with three goals and two assists. Lionel Conacher was the best man, drawing two major penalties and two minors. Rommes and Coulter scored for Chicago.

Three majors were handed out in the third period. Conacher, Cain and Coulter all drawing five minutes for fighting.

First Period—No score. Penalties: Evans, Mackenzie, Coulter, Northcott, Coulter, Jenkins (minors), Conacher (major).

Second Period—1, Maroons, Smith (Northcott), 1:23; 3, Maroons, Northcott (Smith), 2:37; 4, Chicago, Rommes (March), 4:08; 5, Maroons, Northcott (Cain), 18:01. Penalties: McAdams, Coulter, Cain, Haynes, Smith, Conacher (2).

Third Period—6, Maroons, Smith (Northcott), 1:56; 7, Chicago, Coulter (Cottrell), 11:39; 8, Maroons, Smith (Northcott), 18:07. Penalties: Jenkins, Conacher (major), Cain (major), Coulter (major), Evans, Conacher, Smith.

RANGERS TAKE AWEEK. NEW YORK, March 13 (AP).—New York Rangers won the final game of the season with their city rivals in the National Hockey League tonight, defeating the Americans 2-1. The final series count showed four victories for the Americans and two for Rangers.

First Period—1, Boston, Galbraith (O'Leary), 19:30. Penalty: Stewart. Second Period—2, Ottawa, Wasnie (E. Roche), 17:54. Penalties: Shore (2), Shields (2), Bowman, Seibert.

Third Period—3, Boston, Stewart (Lamb), 7:43. Penalties: Beattie, Bowman, Shore.

Summary. First Period—1, Boston, Galbraith (O'Leary), 19:30. Penalty: Stewart. Second Period—2, Ottawa, Wasnie (E. Roche), 17:54. Penalties: Shore (2), Shields (2), Bowman, Seibert.

Third Period—3, Boston, Stewart (Lamb), 7:43. Penalties: Beattie, Bowman, Shore.

Summary. First Period—1, Boston, Galbraith (O'Leary), 19:30. Penalty: Stewart. Second Period—2, Ottawa, Wasnie (E. Roche), 17:54. Penalties: Shore (2), Shields (2), Bowman, Seibert.

Third Period—3, Boston, Stewart (Lamb), 7:43. Penalties: Beattie, Bowman, Shore.

Summary. First Period—1, Boston, Galbraith (O'Leary), 19:30. Penalty: Stewart. Second Period—2, Ottawa, Wasnie (E. Roche), 17:54. Penalties: Shore (2), Shields (2), Bowman, Seibert.

Third Period—3, Boston, Stewart (Lamb), 7:43. Penalties: Beattie, Bowman, Shore.

Summary. First Period—1, Boston, Galbraith (O'Leary), 19:30. Penalty: Stewart. Second Period—2, Ottawa, Wasnie (E. Roche), 17:54. Penalties: Shore (2), Shields (2), Bowman, Seibert.

Third Period—3, Boston, Stewart (Lamb), 7:43. Penalties: Beattie, Bowman, Shore.

Summary. First Period—1, Boston, Galbraith (O'Leary), 19:30. Penalty: Stewart. Second Period—2, Ottawa, Wasnie (E. Roche), 17:54. Penalties: Shore (2), Shields (2), Bowman, Seibert.

Third Period—3, Boston, Stewart (Lamb), 7:43. Penalties: Beattie, Bowman, Shore.

Summary. First Period—1, Boston, Galbraith (O'Leary), 19:30. Penalty: Stewart. Second Period—2, Ottawa, Wasnie (E. Roche), 17:54. Penalties: Shore (2), Shields (2), Bowman, Seibert.

Third Period—3, Boston, Stewart (Lamb), 7:43. Penalties: Beattie, Bowman, Shore.

Summary. First Period—1, Boston, Galbraith (O'Leary), 19:30. Penalty: Stewart. Second Period—2, Ottawa, Wasnie (E. Roche), 17:54. Penalties: Shore (2), Shields (2), Bowman, Seibert.

Third Period—3, Boston, Stewart (Lamb), 7:43. Penalties: Beattie, Bowman, Shore.

Summary. First Period—1, Boston, Galbraith (O'Leary), 19:30. Penalty: Stewart. Second Period—2, Ottawa, Wasnie (E. Roche), 17:54. Penalties: Shore (2), Shields (2), Bowman, Seibert.

## TWO TIED IN BIKE GRIND

Peden and Schaller and Debaets and Ottevaere Showing Way

CHICAGO, March 13 (AP).—After a day and night of jamming, William (Torchy) Peden, of Victoria, and Tony Schaller, of Chicago, and the Belgian-American team of Gerard Debaets and Fred Ottevaere, were still tied for first place at the forty-eighth hour of Chicago's thirty-first six-day bicycle race.

The giant Peden and his partner had an advantage in points, 120 to 57 for Debaets and Ottevaere, while both teams had covered 804 miles, nine laps.

The field was reduced to twelve teams tonight when the referee flagged Pete Smeasatt and Steve Wagner, who were seventeen laps behind the leaders.

Liquor Warehouse and Lands' Eleven Play to Deadlock

Torn ligaments, hacked shins and stubbed toes were the main features when the Liquor Board Warehouse and Lands' Eleven played to a scoreless tie at the Heywood Avenue soccer field yesterday afternoon. The game was the result of a challenge by the Lands' eleven, which was accepted by the beverage boys.

Play see-sawed throughout, and only poor shooting and fine goal work prevented huge scores for both teams. George Davis, playing for the Board, had poor luck late in the first half when his shot hit the bar. For the challengers, Henry Cocks, Aubrey Walls and Bill Holman were outstanding, while Cotton Brynjolfsson and Gordon Woodridge were a hive of industry for the Liquor Board. A fair sprinkling of fans watched the tussle.

## Bonds Gain and Stocks Firm at New York Mart

NEW YORK, March 13 (AP).—Stocks maintained a fairly even keel, today. Volume was 1,305,040 shares.

Rail and aircraft equities were most consistent gainers. Most domestic carriers were up fractions to more than a point, while several aviation stocks displayed considerable firmness. Motors sagged.

Bethlehem Steel lost fractions to something over a point. Trade reports made small contributions to the day's news. Car loadings last week apparently held rather close to the previous week. United Fruit's extra dividend was accompanied by a rise in the stock, but International Nickel's good 1933 earnings statement had been discounted.

The improved demand for carrier stocks was seen as a favorable symptom. In some quarters the firmness was attributed partly to the Eastman report's recommendations for regulation of competing forms of transportation, notably buses and motor trucks.

The bond market continued highly optimistic today. Many issues, including several United States Governments' established new highs for the past two years or more.

Turnover was \$17,464,000, par value. All listed Government loans finished with gains ranging from 2-32 to 4-32 of a point. The utilities showed gains of 1 to 2 or more points. In the foreign section fractional changes predominated.

## Construction Stocks Turn Heavy Suddenly At Eastern Markets

MONTREAL, March 13 (CP).—Doubt as to the outcome of the voting on the St. Lawrence Waterway Bill in Washington tomorrow caused construction stocks to weaken on the Montreal Stock Exchange today.

Canada Cement and Dominion Bridge were pounded heavily. Canadian Cement common finished off 13-8 points at 97-8 and the preferred lost 4-8 at 44-5-8. Dominion Bridge dropped a point.

Canadian Cement preferred dropped 1-2 at 115. Hollinger at 27-00 was off 20c and 30c respectively. Canadian Cement preferred registered a loss of 2 at 171-2. Sales, 35,502. Bonds, \$26,650.

### TORONTO STOCK EXCHANGE

TORONTO, March 13 (CP).—Construction stocks were much disturbed today by reports the Waterways Bill was likely to go down for lack of sufficient votes in Congress. They all sold off. Canada Cement, Canada Dredge and Dominion Bridge dropped 1 to 6 points. The industrial section of the Toronto exchange closed weak.

Canada Cement traded 6,000 shares and closed down 1-1/2 at 97-8. Cement preferred dropped 6 points at 45, while Canada Dredge lost 3 to 30-1/2 and Dominion Bridge 1-2 to 34.

Brewery group shares weakened 1-4 to 5-8, with exception of Coors, which finished 1-4 up at 91-2. Distillery shares softened, Walker common receding 5-8. Industrial section closed 3-8 at 100-00. Bank of Montreal lost 1-8. Bank of Commerce lost 1-8. Bank of Nova Scotia lost 1-8. Bank of Toronto lost 1-8.

93. It comes to us from the Book of Genesis in the Old Testament. In the nineteenth verse of Chapter III we find:

94. "In the sweat of thy face shalt thou eat bread, till thou return unto the ground."

# News of B.C. Mining

## Silversmith Is Turned Over to Spokane Group

Famous Slocan Mine Which Produced Millions in Past Days Will Be Reopened by Coeur d'Alene Interests—Fully Financed to Carry On

CONTROL of the Silversmith Mines, Ltd., in the Slocan district, has been taken from the former J. B. White management by Coeur d'Alene mining interests, it is reported here. Equipped with a 125-ton mill, 4,600 feet of aerial tramway and a 200-horsepower Diesel plant, the property under the White management is reported to have produced \$2,500,000 from 150,000 tons of ore averaging twenty ounces of silver per ton, 9 per cent lead and 9 per cent zinc. Previous operators produced \$3,000,000, according to information available here.

Apart from small scale operations by lessees who shipped occasional carloads of sorted ore to the Trail smelter, the property has been closed down since 1929 owing to the low price of silver.

In an outline of development up to that time, the 1928 report of A. G. Langley, M.I.M.M., at that time resident engineer for the district, stated that the property enjoyed a splendid record of production, having yielded handsome returns in dividends. During the early history of the camp, he said, the mine had yielded a large tonnage of high-

## Operation to Commence at Norgold Soon

With financing completed, men, supplies and equipment on the way to the property, development at the newly-formed Norgold Mines, Ltd., in the Atlin mining division, is expected to be under way within the next few weeks. Extra men are to be taken on at Atlin to make a full crew and officials of the company state that driving on commercial ore will be well under way before the end of March.

Work is in charge of W. L. Sheeler, mining engineer and president of the company. Drilling by hand will commence as soon as the reaches the property, to be continued until power equipment can be installed.

## G. A. CLOTHIER IS NEW HEAD

Former Government Engineer Is President of Dictator Gold Mines, Ltd.

One of the most recent incorporations to be registered here is the Dictator Gold Mines, Ltd., to develop claims at Lightning Peak in the Arrowhead Lakes district. G. A. Clothier, well-known Government mining engineer, has been assigned from the service in order to assume the position of engineer and managing director of the new company.

Three quartz veins, from four to ten feet wide, have been exposed by open-cutting, shafts and short tunnels, opening commercial grade ore with values in gold and silver, it is stated.

Mr. Clothier will take charge of work at the property in April, when the first work will be the building of two miles of road to connect with the adjacent Waterloo mine road. This will permit power plant and other equipment to be taken in. Meanwhile, under the direction of W. G. Wilkins, lumber and supplies are being taken in by tractor.

The property has been favorably reported on by J. B. Freeland, resident Government engineer for that district. C. E. Cairnes, of the Geological Survey, and J. E. Shannon, engineer in charge of the Waterloo, have also examined the Dictator.

Dictator is capitalized at 2,500,000 shares of no par value, of which 750,000 have been issued for the property and 2,000,000 for cash. The company is to be organized to date. A. M. Manson, K.C., former Attorney-General of the province, is president and W. R. Long, of Penticton, is vice-president. Other directors are John Hallberg, of Vancouver, and D. McNicol, of Penticton.

## WOULD BENEFIT BY PRICE JUMP

Dale Pitt States Higher Silver Market Would Assist Premier Mines

"Any difference in the price of silver is naturally going to affect us, just as the rise in price of any commodity benefits the manufacturer of that particular commodity," declared Dale Pitt, general manager of the Premier Gold Mines, when interviewed here recently. "At the present time, however, I would say that we are operating normally, and will continue to do so just as any other real mining company would."

Questioned regarding the Premier's optioning of the Alexandra Gold Mines, and asked whether or not operations were to be made permanent at that property, Mr. Pitt replied that exploration work was being carried out, and that how permanent the work became was entirely dependent upon the results obtained.

As regards possibilities of entering other fields, the mine manager was reticent. "We are simply a mining company carrying on a job of work," he said. "We have no fish to fry, and nothing to gain by spreading rumors of future work. When we have an announcement to make, we make it then and not before."

## Development Is Proceeding Fast At Alberni Mine

VANCOUVER, March 13.—John W. Bryden, M.E., K.B.A.P., of Victoria, who forty years ago had charge of operations for James Dunsmuir of gold mining properties now owned by Vancouver Island Gold Mines, Limited, was a visitor in the city this week, conferring with H. S. Heffer, company manager.

"The mine in the Dunsmuir tunnel," Mr. Bryden declared, "which has not yet been dewatered, has very rich showings of free gold in a vein four feet wide at the bottom." He rates the "Missing Link" claim one of the six purchased by the company in February, as one of the richest in the group. This claim is situated above the "Alberni" one of the four Crown-granted claims acquired last fall.

Development work has been progressing rapidly and a compressor plant will be shipped within the next two weeks, officials of the company stated yesterday.

Pungicide is any material that will destroy fungi or prevent the germination of their spores.

## HELENA GOLD TO CONTINUE DEVELOPMENT

Appoint B. W. W. McDougall, M.E., Consulting Engineer and Technical Director

TO REOPEN GEORGIA RIVER MINE SHORTLY

Helena Gold Mines, Ltd., which last year acquired the Georgia River Gold Mines, Ltd., for 800,000 shares, is planning to continue development at the Georgia River property and at the same time to develop the Van Ral mine, well-known silver-lead-zinc property in the Slocan. In a letter to Helena shareholders this week, signed by C. M. Lindsay, directors announce the appointment of B. W. W. McDougall, M.E., as consulting engineer, to direct operations at the Georgia River. They announce also that they have secured an option on control of Van Ral Mines, Ltd.

The Van Ral is reported to have produced \$2,000,000 in silver and base metals in past operations. It is understood that approximately two years' supply of ore is blocked out and that the 200 ton mill can be brought up to date with small expenditure and the mine operated profitably with very little advance in metal prices.

Helena directors believe that the steady rise in the price of silver and the present agitation in subsidizing the price of this metal, together with the prospect of more production, assures a bright future. They have also stated that both properties they control will be brought into production as soon as developments warrant.

## News of Mines

By Dale & Co., Ltd.

Paymaster—Diamond drilling has been started by Paymaster Mines in the vicinity of the Buffalo-Ankerite boundary line. The first hole is reported as being down ninety feet, with a depth of 500 feet as objective, blocked out on the Helena shaft, which is located at the other end of the property and next to the Dome property, 22,000 tons of ore, with total value of \$252,222 with gold at \$32 per ounce—an average of \$11.41 per ton. At this rate there is ore in sight at 100 tons per day for seven months. Both the Dome and Buffalo-Ankerite are dividend-paying stocks. However, until twice the ore reserves are uncovered the directors of the Paymaster Mines have decided to withhold production. The cash balance as at February 15 was \$54,000, with the only liabilities being current monthly bills. In view of the extensive properties of Paymaster and the fact that it lies in the heart of the Porcupine gold area, it has every possibility of becoming one of the large gold mines on this continent.

Wright-Hargreaves—It is reported from expert sources that the lower levels of Wright-Hargreaves are equally as rich as the best levels of Lakeshore.

San Antonio Mines—The 1933 report of San Antonio Mines showed a net profit of \$210,624, as compared with \$69,733 in 1932, or 9.4 cents per share, against 3 cents for 1932. Gold production, including premium, was \$653,096, or \$11.75 per ton. Mining and mill costs were \$388,838. Total assets were placed at \$1,594,021, with current assets at \$510,031.

Since—February production was \$99,817, against \$74,832 at the same time last year (gold at \$20 in both cases). Millheads in February were

## How to Avoid Accidents

PEDESTRIANS on the Highway should always keep to the LEFT HAND side of the road and thus FACE the TRAFFIC

REMEMBER: This is safer for you, and the driver, particularly at NIGHT

NEARLY 3,000 Canadians lost their lives in auto accidents in the past two years. Nearly 100,000 others were injured. You can do your part towards reducing these appalling figures by observing the "Don'ts" illustrated above.

## Bear Injures Trainer

WHEN a 700-pound Himalayan bear turned on Trainer John Heliott during a film scene on a Hollywood lot, the camera kept on grinding, and made these remarkable scenes of the battle between the man and the beast, in which Heliott was so severely clawed and bitten that he may die. This scene shows Heliott approaching the bear a moment before the animal pounced upon him.

THIS photo shows Heliott hurtled to the ground and in midst of a life and death struggle, while the bear sinks his teeth into Heliott's leg. At the right is a rescuer jamming a board against the bear in an effort to force the animal to release his grip of fury.

THIS picture shows Heliott lying critically wounded beneath the bear, while the rescuer drives the bear's head away from Heliott with the board. At left is Yakima Kanutt, actor, throwing a lasso. While the beast was clawing him, Heliott begged his aides not to shoot the animal.

\$11.25 and tonnage handled amounted to 9,102 tons.

Toburn Mine—The Toburn mill is running 100 tons a day and recovery from this is over 82 per cent. This yields a net profit of twenty to twenty-five cents a share. Toburn's ore is not only confined to the area near the Sylvanite boundary, as excellent ore is being found well to the east of the property, where vigorous work is being undertaken. The company paid an initial dividend of two cents a share last month and a regular quarterly dividend is expected, probably at a higher rate.

B.C. Nickel—Diamond drilling is to be commenced immediately from the main tunnel to find the extent of the ore bodies and later from the No. 2 tunnel. During the past two weeks the main tunnel was advanced seventy-nine feet to a total of 567 feet. The No. 2 tunnel is now at 280 feet, forty-one feet having been added during the last week. There are eighty-one men at work at the mine.

National Gold—This company has

purchased a 200-ton standard ball mill, crusher, classifiers, filters, etc., which will be installed at the discretion of the directors, consistent with good mining practice. The process for treatment will be similar to that of Bralorne. Mining and milling costs should not exceed \$3 per ton, owing to the size of the vein and the fact that it is almost vertical. Average grade of ore amounts to \$7.90 per ton.

Bridge River Consolidated—It is rumored from reliable sources that Bridge River Consolidated while extending the Why Not crosscut along the Bridge River Exploration boundary, cut a typical Bridge River vein. No details as to widths and values yet to hand, but it is understood that the vein is dipping at a flat angle into Bridge River Exploration property.

## KOOTENAY BELLE MAKES PROGRESS

F. M. Black, Managing Director, Reports Encouraging Results From Year Past

Progress at the property of the Kootenay Belle Gold Mines, Ltd., at Sheep Creek, near Nelson, continues satisfactory, according to F. M. Black, managing director, who has been the city attending the meeting of the British Columbia Mining Association.

During the past year, said Mr. Black, the mine was eighth on the list of independent shippers to the Trail smelter. It delivered 890 tons of ore, which returned \$30 per ton net, after all smelter and freight charges had been deducted, making a total gross income of \$26,700.

During the past few months the two levels, 200 feet apart, have been connected and ore is being taken from both. Assays taken in the main stop recently have run from three to four ounces in gold over a width of eight inches, while ore now being opened in a cross-vein assays 2.5 ounces in gold over the same width.

Mr. Black stated that two-thirds of the main vein system remain to be explored underground, as well as the entire length of the Yellowstone vein.

## Nazis Relaxing Stern Attitude

BERLIN, March 13 (AP).—Another Nazi move toward relaxing the stern attitude toward political enemies was taken in Prussia today.

An official edict by Hermann Wilhelm Goering, Premier of Prussia, forbade Nazi storm troopers or minor Nazi Party officials from making any further arbitrary arrests of private individuals.

## DAVID SPENCER LIMITED

For the Half Day Today

For Little Women!

HALF-SIZE DRESSES

For Afternoon or Semi-Evening Wear. \$7.95

Dresses that have been particularly designed in the smart newer styles for short, full figures. They are of a good grade material, with long or short sleeves, square and "V" necks, the skirts gored, flared or with kick pleats.

Shades featured are Cathay and navy, blue, green, brown and black. Half sizes, 18½ to 26½.
